

CAROUSEL HORSE  
BY  
WILMA THURSTON

This is sixteenth in a series of glass made in the 1980's.

The Carousel Horse is another original design by Vi Hunter. The Horse stands  $4\frac{1}{2}$ " tall and  $3\frac{3}{4}$ " long. The series started in 1985 and there were 12 made in the series.

There were 6 made in the Frosted color and 6 in Carnival glass. I will list the colors.

This collectible is one of the nicest ones and you very seldom see them for sale.
