RISING SUN WATER AND JUICE SIZE TUMBLERS

Through the years we have written many articles on carnival glass tumblers. All of them have been a big pleasure to us. Some of the articles, such as those that were written about unheard of tumblers in such patterns as Fostoria's Sidney, the Cambridge Sweetheart tumblers, Northwood's marigold Peach tumbler (two known) and the extremely rare purple Northwood's Near-Cut (Stretched Diamonds & Hobstars) tumbler (only one reported) have given us even a greater thrill. There are many other examples in this category, but we won't attempt to mention them all, due to the lack of space. We will, however, mention the great pleasure in writing about the famous Big Butterfly and Frolicking Bears tumblers. But to find and write about this unknown and unheard of juice size Rising Sun partial set in deep marigold, probably tops them all for us. Understand this does not apply to value, but to find this rare size juice set, one that we have never heard of in carnival glass, or even crystal for that matter, was a thrill we will always remember.

Photo #1 shows the large or water size tumbler in cobalt blue. Only 5 or 6 of these have ever been reported in cobalt blue. The small juice size tumbler is on the right. The juice size tumbler is $3\frac{1}{2}$ " tall with a top opening of $2\frac{1}{8}$ ". The base is $1\frac{3}{8}$ " in diameter. The large or standard size water tumbler is $4\frac{1}{4}$ " high. The top opening is $2\frac{3}{4}$ " and the base is $2\frac{1}{4}$ " wide. Both tumblers have the sunburst type figure pressed into the underside of the base.

LEFT, RISING SUN WATER PITCHER & TUMBLER
RIGHT, RISING SUN JUICE PITCHER & TUMBLER

Photo #2 shows the standard size water pitcher and tumbler on the left. This water pitcher is much wider and somewhat taller than the juice size pitcher and holds considerable more liquid. The juice size examples are shown on the right. Notice the difference in the base on the two pitchers. We have also seen the water pitcher in the skirted type that did not have the pedestal base. A larger water pitcher in the same shape as the juice pitcher also exists. For as few of these water pitchers that were ever made, one wonders why they made them in three different shapes. Rising Sun is a U. S. Glass Company pattern.

This unusual and rare juice size tumbler, that we feature here, is article number 140 in this series. Next month we will feature the beautiful Curtain Optic tumbler, which was made by Fenton.

A PEAK INTO THE PAST - - IN CARNIVAL GLASS

By John & Lucile Britt

We are going to take another look at some of the old ads from more of the 1972 Antique Traders. We are quite surprised, as we are sure you all are, at the prices asked for and the great pieces offered back in the early 1970's. Here are some of them, that we thought might be of interest to you.

CAUDLE ANTIQUES, STATE ROAD, NORTH CAROLINA: Pastel green Peacocks on the Fence bowl \$119.00; marigold Kittens 7 fluted bowl, dark color \$49.00; marigold Mikado large open compote \$79.00; (Note: The Caudles are still in business today. He recently told us that they couldn't find many good pieces anymore. We purchased our rare blue Fishermans mug from them through the Antique Trader back in the 1970's.)

VICKI L. LAMB, DE GRAFF, OHIO: White Grape & Cable pin tray, excellent iridescence \$235.00; Northwoods Poppy custard relish dish \$23.00.

GEORGE CRAMER, TOLEDO, OHIO: Ice blue opal Peacocks on the Fence bowl \$185.00; green Beaded Cable rose bowl \$45.00.

KATHRYN GARGER, ST. LOUIS, MISSOURI: Amethyst Peacocks on the Fence plate \$130.00; amethyst opal Holly hat shape \$25.00; purple Hobstar creamer & covered sugar \$65.00; aqua opal Leaf & Beads rose bowl \$70.00; amethyst Peacock & Urn, Millersburg ice cream bowl \$110.00.

DAN STUCKER, COLUMBUS, MISSISSIPPI: White Peacocks on the Fence P.C.E. bowl, frosty & rainbow iridescence \$120.00; ice green Rose Show bowl, excellent iridescence \$195.00; Grape & Cable hat pin holder \$105.00; green Millersburg Nesting Swan 10" bowl \$100.00; (Note: Do you remember Dan and his wife? In the early days they were at most of the Conventions and Woody auctions. He found lots of good glass. We can remember that he once offered me an apple box full of plates for our aqua opal Peacock at the Fountain orange bowl. That bowl sold at our 1975 Woody auction in St. Louis for \$2,700.00. Cooley Miller purchased it and later sold it to Ken Osbon. Karen Engle is now the proud owner of that rare and beautiful bowl.)

DON MOORE, SAN FRANCISCO, CALIFORNIA: Salt cup, pastel blue \$20.00; marigold Little Barrel \$45.00; Palm Beach light marigold tumbler \$65.00.

MILLER'S ANTIQUES, FAIRBORN, OHIO: Millersburg Peacock & Urn, no bee, 10" bowl, golden iridescence \$90.00; marigold Seaweed 10" low bowl, excellent iridescence \$55.00; purple Whirling Leaves 10" low bowl \$70.00.

DAVE KNOKE, ATLANTA, GEORGIA: Purple Tornado vase, rare ribbed type \$138.00; purple Peacock at the Fountain rare compote \$265.00; marigold Rose Show bowl,

H.O.A.C.G.A. has purchased some of the Gibson Plate holders. They have the clear plastic base and white rubber over metal adjustable back. They are for sale at \$21.00 per dozen, which includes the shipping.

They may be ordered from the Treasurer Doug Peters, 4307 N.E. 46th Terr., Kansas City, Missouri 64117

July sure was a busy month with the two Conventions. We had to hurry to get ready for Elkhart, Indiana on the 25th. A longer drive than A.C.G.A. at New Philadelphia, Ohio on the 5th. We mostly had two lane roads so with a forty five minute picnic stop, it took nine hours for the 411 miles to the motel. We gained an hour though so had plenty of time to set up our display of "My Stars - Carnival", using only star patterns.

The "Early Bird" party brought so many out by the pool for good ham sandwiches and a chance to visit together. So many rooms already full of carnival to see and such pretty displays too. On Wednesday, several went to a near by Amish farm, which was nice. The usual ice cream party Wednesday night too, with a big beautiful cake given by auctioneer Gary Cooper. Everyone loves that. We all were so pleased to have Al and Margaret Howard of Australia with us. Also Lelea Galvin came for her 8th trip from Australia. Believe around 345 registered, so the biggest group ever. Several came from Canada too, and we do enjoy having them. Wish Australia was closer so we could go there.

The auction on Thursday, which had the room so full, was probably a bit difficult for the auctioneer to really see some bidders. The highest item was a beautiful rare green Wheat sweetmeat at \$8,000.00. Some other pieces also high at \$3,250.00 for the green Town Pump. Believe it went to California with the Don Moores'. Their collection must be fabulous and no wonder they hang some of it from the ceiling.

Friday was business meeting and then later the Bob Leonards of Michigan brought many table sets to show & talk about. Very educational & much thanks to them for sharing with all of us. Friday night was the banquet and then the whimsey auction. It did real well, around \$4,000.00 including a pretty handmade lamp by the Magans' of Kentucky, who donated one each year. Their lamps are great. Entertainment was a trio with the crowd joining in at times on singing. The Hoosier group of Indiana were recognized and thanked for their wonderful hosting. They have done it more than anyone, and do it so perfectly. Their good home-made cookies kept us all stuffing ourselves, as the Hospitality Room was open quite often.

Remembering the long drive to get there we left before breakfast for home. We took a longer route by the Ohio turnpike, even stopped off at Millersburg & Sugar Creek for ice cream and bakery. A nice fringe benefit, but more miles at 485. Busy days at home. The Browns & Greens came for a brief visit. We went over for Fentons Convention one day. The Singleton Baileys stopped to see us. We have every weekend of August full up. This summer is better with no drought, but how can September be here so soon?

STAR & FILE WINE AND THE VERY RARE CORDIAL

We feature here the extremely rare Star & File cordial which is shown on the right. This little cordial is the only one that we have ever seen. This pattern was made by the Imperial Glass Corporation of BellaIRE, Ohio. We have read old Imperial catalog material and knew that this cordial was made and sold in marigold carnival glass, but we never could find one for our collection. The Star & File wines can be found rather often and they were a part of a decanter set. The cordial is a different story, however. We searched in vain for years to find one of these, and it was not until the A.C.G.A. Convention in 1988, at Camp Hill, Pennsylvania, that we finally found one. Isiah Sommershein had one there which we quickly purchased from him. We might add that the Star & File goblet was also advertised by Imperial in their old catalogs, but we still have never seen one in the goblet size. You might look for this one, as we are quite sure that there are a few goblets out there somewhere with iridescence.

This tiny cordial is 3½" tall with a top opening of 1½". The base is slightly over 1½" in diameter. On the other hand, the wine is 4" tall and is 2" across the top. The base is slightly over 2" wide. Both pieces have the same sunburst type figure pressed into the underside of their bases. Mari-gold is the only color that has been reported in this pattern in carnival glass.

This article, featuring the tiny Star & File cordial, is our 128th entry into this original Pictorial Pattern Parade Series. Next month we will feature the very rare Embroidered Mums bon bon or two handled compote.

THE NOVEMBER H.O.A.C.G.A. DES MOINES, IOWA MEETING

The November, 1989 H.O.A.C.G.A. monthly meeting will be held in Des Moines, Iowa, on Saturday and Sunday, November 11 and 12.

As in the past two years, this meeting coincides with the large Antique Show at the Vets Auditorium.

King leisure rooms (king-size bed with divan, poolside, ground floor) have been reserved for H.O.A.C.G.A. at the Holiday Inn South, 2101 Fleur Drive, Des Moines, Iowa. The rate is \$59.00 per day (plus tax). Call 1-515-283-1711 to make your reservations.

This is planned as a relaxing weekend where we can get together for talks, and to buy, sell or trade Carnival Glass. Those of us who attended the past meetings found it to be enjoyable and educational.

The schedule for the weekend is as follows:

FRIDAY, NOVEMBER 10, 1989 - Check in at Motel, set up any glass for sale that you want to bring, or just relax and visit.
Hospitality Room - Joe & Shirley Williams' room.
Attend Antique Show - Vets Auditorium

SATURDAY, NOVEMBER 11, 1989 - Check in at Motel, set up any glass you might bring, visit other rooms, relax and visit.
6:00 P.M. - Banquet - \$12.50
7:30 P.M. - Carnival Glass Program, to be decided.

SUNDAY, NOVEMBER 12, 1989 - 8:00 A.M. - Breakfast

Please make your plans now to join us for this fun-filled Carnival Glass weekend in Des Moines!

It is hard to believe another year has come and gone since the last Convention. There are so many Conventions in one year that it is a difficult decision as to which Convention one should attend. Although not the largest Convention, the Northern Carnival Glass Convention is none the less important. It is within reasonable driving distance from the Pacific Northwest, San Joaquin, San Diego, and Southern California Carnival Clubs. It is of the utmost importance for all Club members to support each other by attending each others Convention whenever possible, because it is member participation that makes a Convention so successful, not to mention the fun you have, the new friends you make, and the old friends that are re-united.

While attending the San Diego County Carnival Glass Collectors Club I had noticed that attendance was down somewhat as people had already started on their vacations and were headed up North for the Northern Convention. I feel we have a very motivated group of collectors here in Southern California between the San Diego and Southern California Carnival Clubs so that it is no surprise that there were a large number of people from Southern California planning to attend the Convention.

Having driven to and from New York in April to visit relatives, driving to Modesto seemed like a hop, skip, and a jump away. Before we knew it, we were at the Holiday Inn Holidome in Modesto. After settling into our room, we walked around the holidome. It had nice rooms with picture windows, a pool, spa, pool tables, a ping pong table, sitting areas and a terrific Hospitality Room.

Little by little people settled into their rooms and before you knew it, there were beautiful glass displays and plenty of glass for sale in the numerous rooms around the holidome. We had a great time walking around talking to people and seeing all of that captivating glass. The auction, ran by Tom Burns, went well. There was enough glass so that everyone could secure a piece or two.

Aside from the auction, the banquet dinner was certainly the highlight of the Convention. The guest speaker was Diane Fry, the president of the San Diego County Carnival Glass Collectors Club. She discussed with great enthusiasm "A few of my favorite things". A knowledgeable and polished speaker, Diane presented us with some of her favorite pieces of glass. By the end of the talk, we had gained much knowledge regarding patterns, shapes, colors and most importantly the feelings she conveyed that there is plenty of nice Carnival Glass out there in price ranges to suit anyone.

There was an overall Convention registration of 106 people. 93 attended the Banquet dinner. To the best of my recall, there were 29 members from Southern

California that attended the Convention. Again, another terrific turnout for Southern California! BRAVO!!

As always, Conventions are fun and I look forward to a time when we will have a Convention here in Southern California.

Sincerely,

Fred & Cathy Roque
Bloomington, California

NEWS FROM OUR MEMBERS...

One Sunday morning (August 20, 1989) after 1½ hours looking through local flea markets, there is was!! "I must be going nuts" I thought, as I walked closer to look at a 1960's blue Grape repro carnival glass banana boat and small dishes. But then to the left, two feet away, something else caught my eye.....a pale silvery shine. As I bent over to pick up the piece, my body started to shake, and my face must have turned a different color. It was an emerald green Peacock & Grape footed plate marked \$37.50.

Right then the dealer told me he thought the piece might be new, as it lacked the iridescence of the old glass. I told him there was no I.G. mark, so there was a chance it could be old, and I would take it. (Well, you never know, right?)

At that point he said he had a second matching piece in his car. I told him I might as well take the pair, for which he gave me a reduced price of \$60.00 for the two pieces.

After this, I only had about 40 minutes to leave and rush to get to the "Southern California Carnival Glass Collectors Club First Auction". I got to proudly display my two new finds, which less than 60 minutes before had been sitting around with someones "garage junk".

What a thrill to be able to find two rare matching plates and be able to show them off so soon after finding them, to my Carnival Glass friends. The excitement in my blood was still pumping with joy.

GARY LICKVER

With all good intentions I had hoped to get out the July Newsletter from the A.C.G.A. Convention in New Philadelphia, Ohio. (You all, I am sure, have heard about good intentions.) The fact that I didn't get the Newsletter out attests to the full schedule of activities. There was just so much going on that there wasn't time to sit still long enough to write about it.

We met the Swartouts, Rodenhouses, Rineharts and former members Tices & Grahams. It is always nice to see some familiar faces in a large crowd--gives one the feeling of security.

The room displays were outstanding, showing lots of imagination in the interpretation of the theme "Down on the Farm." Prizes were awarded based on popular vote of the viewers: 1st, Bill Richards (an outstanding display of all green Carnival); 2nd, the Radcliffs (Golden Oldies); 3rd, the Andersons (Hen House), 4th, Rineharts (Grandpa's Farmyard); and 5th, Tices (Tices Farm). Those people participating in the displays certainly deserve a lot of credit for adding an interesting aspect to the Convention.

Outstanding information sessions provided interest holding and awe inspiring displays of glass. On Wednesday Bob Anderson and H. Wagner put on a Millersburg "Show & Tell". Bill Richards handled the Auction with assistance from his sons and Jim Seeck. Tom Burns and his new wife were unable to make it because Pam was hospitalized on short notice. We later learned that her illness was a lot less severe than originally suspected which brought relief and happiness to all of their friends.

On Thursday night, Harold Cox gave a presentation on Peacock bowls with every color, size and shape being represented in the display. To use an expression, it was "AWESOME"!

The traditional "Midnight Auction" was held Thursday night with many nice items on the block. Picked up a couple of good buys there!

Our August meeting will be held at the home of Bill and Ginger Tendl at 1816 Albright Drive, Clearwater, Florida, PHONE: 1-813-796-3150 on Sunday, August 20, 1989 at noon. The usual covered dish is expected. (Please coordinate with Ginger). Don't forget something for the white elephant sale and try to attend if at all possible as several important matters are up for discussion.

In the past 16 years, many members have written informative and educational articles which have been published in the H.O.A.C.G.A. monthly Bulletin. How many times have you remembered reading an article and would like to read it again but cannot recall or find the Bulletin it was in. If you are a new member/collector, chances are, you are not aware of the many past articles.

In order to combine the many educational articles so they will continue to be available as reference material for the present and future Carnival collector, it was decided to reprint the articles in a series of books. The first book will contain many of the "Pictorial Pattern Parade" articles that have been written by John & Lucile Britt. John has revised and updated each of the articles to be reprinted. We believe this will be a convenient and useful source of information for all collectors now and also in the future.

The first book will cover approximately 100 different articles and be about 150 pages, with the appropriate pictures.

The printing of the first book is experiencing some delay, but should be available for shipment in about 2 months.

Don Moore published a book of educational articles he wrote which appeared in the month Bulletin. Many members have purchased his book "Carnival Glass A Collection of Writings by Don Moore" and have found it to be a convenient source of information.

You may order the first book "H.O.A.C.G.A. Educational Series - Book 1" by sending your order to the Treasurer, Doug Peters, 4307 N.E. 46th Terrace, Kansas City, Missouri 64117. The price is \$12.50 per book plus \$1.00 for shipping.
