BOARD OF DIRECTORS

PRESIDENT	ROBERT GRISSOM 7517 Evanston Raytown, Missouri 64138 PHONE: 1-816-356-5320
VICE-PRESIDENT	DARYL STROHM 8904 E. 29th Street Kansas City, Missouri 64129 PHONE: 1-816-252-8053
TREASURER	CLIFF BALL 572 W. Park Street Olathe, Kansas 66061 PHONE: 1-913-782-0415
SECRETARY	ED KRAMER 4305 W. 78th Street Prairie Village, Kansas 66208 PHONE: 1-913-642-3587
BULLETIN SECRETARY	JACKIE FORTNEY Post Office Box 303 Buckner, Missouri 64016 PHONE: 1-816-650-5208

Please send information about your Club to the Bulletin Secretary. We will include the name of your club, the secretary's name, address & phone number, dues, and the meeting place(s) and time(s) in the Bulletin.

Anniversaries

CONGRATULATIONS!!! to those members who are celebrating their 40th or more wedding anniversary. The anniversary date and the number of years is indicated.

Kenneth & Ruth Clark
2100 Dawn Drive, Georgetown, TX 78628
Married 64 years September 27th

Rex & Traca Davis
1710 Spruce, Alva, OK 73717
Married 55 years November 26th

James & Darlene Grogan
130 Luzon, Mario Bay, CA 73442
Married 41 years November 10th

Less & Pattie Harris
PO Box 3209, Jackson, TN 38303
Married 46 years November 22nd

A card or note recognizing this event would surely be appreciated. Each monthly bulletin will contain the names of those members who are currently celebrating their 40th or more wedding anniversary.

If you have not notified the Bulletin Secretary, Jackie Fortney, of your anniversary, please send the information. Your anniversary will be recognized in the appropriate monthly bulletin.

1998 CONVENTION DATES

The 25th Anniversary HOACGA Convention in 1998 will be held **APRIL 22, 23, 24 & 25** (Wednesday, Thursday, Friday, & Saturday). A Friday auction and banquet will be held. Due to hotel scheduling conflicts, activities are one day earlier than the usual schedule we have had in past years.

The spectacular Bobby & Joycle Seale collection from Texas will be auctioned by Jim Seeck.

You may make reservations by calling the Embassy Suites, 7640 NW Tiffany Springs Parkway, Kansas City, Missouri (near Kansas City International Airport) at 816-891-7788, 8 AM - 4 PM weekdays. Other times, reservations can be made by calling 1-800-EMBASSY (1 800 362-2779). Be sure to mention HOACGA.

Ed Kramer, Secretary HOACGA

HOACGA EDUCATIONAL BOOK III

The HOACGA Educational Series Book III is now available. This Educational Series contains articles which were previously printed in the monthly bulletin. The book contains articles written on several different subjects; i.e. Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, Table Sets, by several different members. Members who contributed articles are Britt, Fry, Kremer, Pickup, Brooks, Roque, Kuhn, Curtis & Briix.

The book contains educational information on about 150 different patterns and it also contains a list of approximately 500 rarities (only 5 or less known). This type of information is not found in any other carnival reference material.

It is a very informative book.

You may order it from: Ed Kramer, Secretary, 4305 W. 78th Street, Prairie Village, KS 66208. Make checks payable to HOACGA

EDUCATIONAL TUMBLER SERIES

By John & Lucile Britt

ENAMELED SILVER BAND

The Silver Band tumbler is illustrated in the photo above. About two years ago a full water set in this pattern was found in a Topeka antique shop. We saw that set and found a single tumbler on our way to a convention one time. These are the only examples of the Silver Band pattern pieces that we have seen in 28 years of collecting tumblers.

In the photo on the facing page, we show the Silver Band tumbler along with the double Daisy and Silver Queen pattern tumblers. All three of these tumblers appear to be made from the same mold. All have 10 interior panels and all have the plain base. The only difference I can see is the enameled decoration that was applied to them. Since the Double Daisy and Silver Queen patterns are contributed to Fenton, I believe that the Silver Band pieces were also made by that company.

I might mention that Jane Dinkins wrote about and illustrated the Silver Band tumbler and water pitcher in the April 1995 Texas Carnival Glass Club newsletter. The pieces she shows are a part of the set that we refer to in this article. The set is owned by Ken and Aileen Openlander of Manhattan, Kansas. It is in good marigold color with nice iridescence.

The Enameled Silver Band tumbler is #238 in our Educational Tumbler Series. Next month we will feature the Single Rose tumbler.

RAISED CHESTNUTS

By Gerald Thomas

Raised Chestnuts is the original Northwood pattern name for what we, as collectors, commonly refer to as Acorn Burrs. See "Harry Northwood, The Wheeling Years 1901-1925," page 67 as a reference. A little Carnival glass trivia to start off this article. My article is actually about the rarity and pricing of Acorn Burrs punch sets.

Before I start discussing punch sets, a comment about glass rarities and values. When one expresses an opinion about old glassware quantities and values, it is rather difficult to be precise. Only through access to old glass factory production records or first hand knowledge of glassware items produced, is it possible to report on known glass quantities and colors without error.

Since we cannot easily quantify how much glass exists in a particular pattern or color, we therefore cannot be exact in predicting glass values. Many have tried with limited success. I wanted to share this thought before moving on.

I have been collecting Acorn Burrs carnival since 1988. I decided to share what pertinent information I do have concerning Acorn Burrs punch bowl sets - availability and values for perfect sets with excellent color. My estimates on availability and values are shown below:

Punch Set Color	Quantities Known (sets)	1997-1998 Value Estimates	
		Low	High
A.O.	2 complete 1 perfect example	\$66,500	\$86,000
Lime	2 complete	\$20,000	\$22,000
Ice Green	4 - 8	\$12,500	\$16,200
Ice Blue	10 - 15	\$10,400	\$12,500
White	10 - 20	\$6,500	\$9,000
Blue	2 estimated	unknown value	
Green	30 +/-	2,500	3,000
Marigold	40 +/-	1,400	2,800
Amethyst	40 +/-	1,400	2,100

I endeavored to estimate a value for the Aqua Opalescent punch set, but how does one go about doing this when only one known perfect punch set exists! Based

on sales data of other glass rarities, the \$86,000.00 figure cited might be conservative. And, to be honest the owners of glass rarities, including some of the punch sets listed above may not sell their glass now or for the foreseeable future. Since we have no annual "market data" to go by in estimating prices for one of a kind glass rarities., we can only speculate what some glass pieces might be worth. With respect to the Ice Blue sets, I and a few other collectors feel 10 to 15 sets exist. Of the known sets, approximately 40 percent do possess some imperfections or damage, so we, as collectors might be lucky to find 5 to 8 perfect Ice Blue sets. Looking at sales data over the years, I find it difficult to prove that there are more Ice White sets than Ice Blue. If there is a variance in quantity, it is insignificant. I feel that Ice White sets should sell for 80 to 90 percent of what Ice Blue sets sell for. Ice White punch sets in my humble opinion are somewhat undervalued. Blue Acorn Burrs punch sets are difficult to write about. I have never seen one, though I have been told through second hand information that 1 complete set exist and a punch bowl top is owned by one individual and a base is owned by another person. Under this scenario, I will refrain from making a price estimate for the set(s). Northwood probably did manufacture a few punch sets in blue, simply because blue punch cups do periodically show up for sale. Earlier this year four punch cups were sold at auction in Virginia.

The green punch sets which possess the glass color also found in water sets and table sets is readily available. It does take time and effort to locate a quality, perfect set. I have observed a variation in base glass color among green punch sets. A few green punch sets do appear to have a better quality base glass color, a dark emerald green. Looking at the availability of glass on the market and through a casual discussion I had with a prominent Carnival glass auctioneer, I do believe that marigold Acorn Burr punch sets are scarcer than the amethyst sets. Glass prices do not always reflect this. Often purple or amethyst sets sell for more money than marigold, with the exception of one dark marigold set which sold for \$2,600 in 1995 - an exceptional piece of glass. Marigold punch sets do vary in color, and I suspect the lighter colored marigold examples are priced less than the purple sets due to dark marigold being preferred to light marigold by most collectors.

A few concluding remarks. Northwood's Acorn Burrs pattern (in all colors) is frequently in high demand whenever quality specimens are sold. The popularity of Acorn Burrs (especially in the pastel colors) is reflected by high dollar sales prices. I wrote this article for general information purposes and for the membership's reading pleasure. I do make the disclaimer that I assume no responsibility for any financial transactions made as the result of pricing or rarity information provided. Buying and selling decisions are best left to the individual using his or her own personal judgement. Happy glass hunting.

CORRESPONDENCE

Dear HOACGA,

Here are my dues for renewing my membership in HOACGA. I'm having a lot of fun in the club!! Keep up the great work on the newsletter.

I still can't seem to find the answers to the mystery of my Fruits and Flowers Northwood bowl. The 9" bowl looks the same as any amethyst Fruits and Flowers except there are four cherries in the cherry bunch. Nothing about it looks like a repro. (The points on the edges are right, basketweave exterior, stippled leaves, etc.) Carl Burns didn't have any answers. Would anyone else have any info?

PS: Remember my friend Pam who got the red Persian Medallion bon bon for around 35.00 I told you about? Well, she got an ice blue Embroidered Mums bowl at an auction for 25.00! (She told them to keep the wooden handled school bell they held up with it!!)

Kathy Kasap
Oglesby, IL

Dear HOACGA,

This is our first time being a member of HOACGA, and being it's your 25th Anniversary, we felt that we would do everything in our power to get to the convention. I have scheduled my time off but my wife is still trying to negotiate time off. If she accomplishes it, we will be there.

We are requesting all the information that there is available for the convention, so that we may make reservations at the Motel/Hotel etc.

We will be bringing our hand made Carnival Glass jewelry with us. All jewelry is made from broken or damaged carnival glass. I cut, grind, and drill holes into the glass and Shelli wire wraps, beads and makes fittings for the cut pieces. The glass dictates what we do to it based on patterns and/or non-patterns.

Hope to see you in April.

Clint & Shelli Arsenault

IT CAME FROM SICILY IN 1896

By Bev Franzen

What you are about to read came from a very expensive full-color book entitled "Tiffany Favrite Art Glass", by Moise S. Steeg, Jr. just newly released by Schiffer Publishing Company. Its subject matter is art glass by Tiffany. The chapter that I quote from is Chapter III -- Iridescent Glass Origins" on page No. 45, with a full-color page of a picture of the inside of a bowl on page 47 and also a full-color page dedicated to the reverse (outside) of this bowl on page No. 48. Each picture has beside it in Italic type the words, "Italian Vase, c. 1896."

Now that I have given you the basics there is one more vital piece of information you need to make this pertinent to our collecting field -- this piece of iridized glass to which three full pages are dedicated to is noone other than Northwood's Fine Cut & Roses pattern in a flared out 6 ruffled bowl in purple.

I will now quote the text relating to this piece:

"The following comparison may throw some light on Tiffany's source for iridescent glass.

This vase was brought to the United States by immigrants from Sicily in 1896. The shape and design is similar to some of the Tiffany pieces. The brightly burnished glass finish and the beveled edge are also similar to some of Tiffany's work. This could very well be called a flower form if you were to limit yourself to the upper portion. The three-footed base, however, takes away some of the authenticity as a flower form. It is hexagonal in shape with the six curved and heavily fluted areas. Its color is a burnished luminescent golden brown, but in certain lights shows blues and greens as do many of the Tiffany pieces. Reversed, however, it is particularly interesting. It is decorated on its under side with freeform floral designs and waving stems, and in the very center, a large triangular graded section contraindicated with the three feet and the very center of its underside is decorated in the same way, indicating it was skillfully blown.

View of the unusual underside of the Italian vase.

By comparing the European vase with a similar vase made by Tiffany, you can clearly see Tiffany's devotion to "nature's forms". Though similar in shape and use, and each with its individual beauty, the Tiffany vase has a true flower form -- from stem, to bud, to bloom -- not a bloom affixed to a top to form a prosaic three-footed compote.

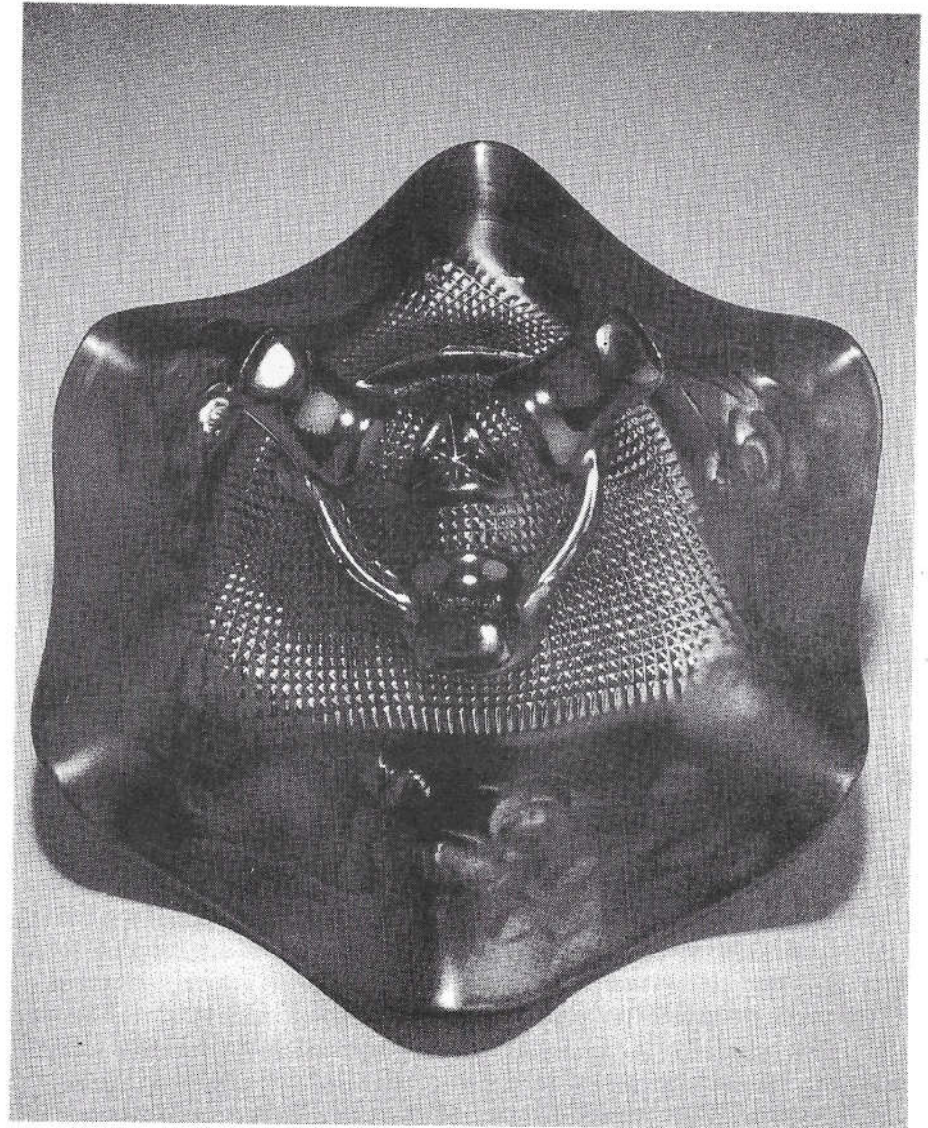

This could well be one of the types of European glass which so attracted Tiffany and which formed the incentive, if not the inspiration, for his iridescent glass."

Well, isn't this interesting. What Carnival glass sought to copy in Tiffany glass has now been attributed in this text as what Tiffany may have copied, or at least formed the incentive and inspiration for his iridescent glass.

Apparently, someone told this poor author that this bowl came over from Sicily -- no less -- in 1896, and he believed it.

So there -- you can't always believe what is written. Certainly not in this case. But we also know one more thing for certain, and that is that Northwood produced a beautifully iridized bowl that fooled some people into believing it to be art glass.

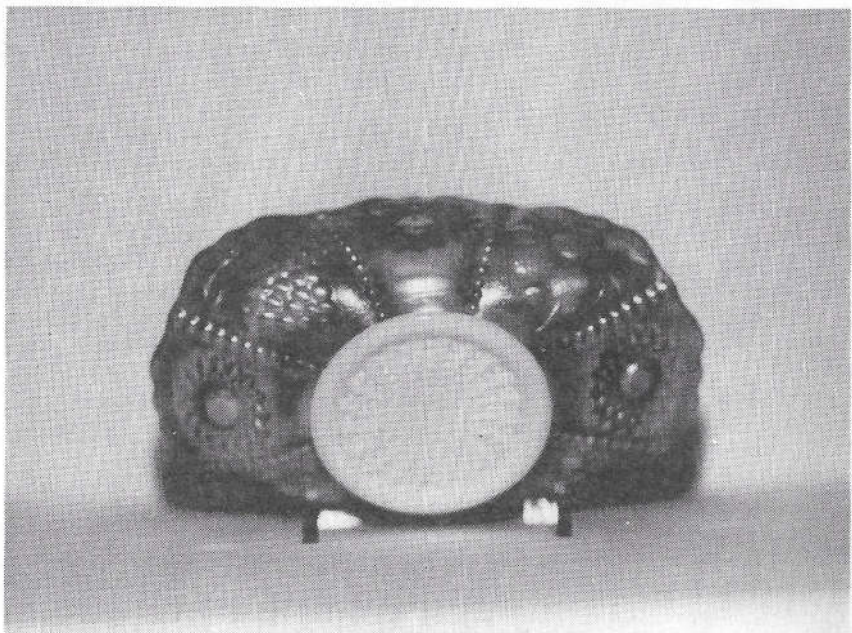

Of course, WE all know how beautiful Carnival glass can be, don't we!!!

48 TIFFANY FAVRILE ART GLASS

PICTORIAL PATTERN PARADE

By John & Lucile Britt

HOBSTAR AND FRUIT PATTERN

The Hobstar and Fruit pattern is shown above in the card tray shape with the rare marigold over milk glass color. It is shown turned on its side in that photo. Photo #2 illustrates it in the sitting up position. We have seen only two of these in that color during our many years of collecting carnival glass. The first was in a room at one of the conventions back east where it was in a display and was not for sale. Later while viewing the Bert and Iva Rambo collection of Long Lane, Missouri, we spotted the second one of these that we have seen. It too, was not for sale. They were getting older and were thinking about having an auction.

A few years later they called us that they were selling their carnival glass at auction. The auction was held at St. Louis, Missouri Harley Hotel on March 25, 1995 by John Woody. We were happy to be able to buy the piece from that auction. It cost us 350.00, so I guess that there were some others there that like it too.

The featured Hobstar and Fruit piece is in the true card tray shape. The ends are only $\frac{5}{8}$ of an inch high, so it was not made to hold sauce or berries. The highest point in the center is 2 inches high. The collar base or marie is $2\frac{1}{2}$ inches in diameter. The base color is true milk glass and is completely opaque. It contains a swirled beaded type pattern on the bottom that is raised and not pressed into the glass.

The outside of the pattern contains eight panels, each separated with a row of beads. Four of these panels feature a different type of fruit which include grapes, strawberries, cherries and blackberries. These fruit panels have a stippled background. The four other panels that alternate with the fruit panels contain a hobstar. The background of these panels is not stippled. The interior of the piece is plain and it has beautiful iridescence on both sides.

Another piece that we have in this pattern is the little sauce dish in blue opalescent. You don't see many of these in that color and we think that they are very pretty. The Hobstar and Fruit pattern was made by the Westmoreland Glass Company.

The Hobstar and Fruit card tray marks our 228th entry into the Pictorial Pattern Parade. Next month we will feature the small Sailboats plate in blue.

THREE FRUITS MEDALLION

By Lorraine & Alan Pickup

Whether this falls under the classification of scarce, rare or who cares, this is a bowl that is not seen everyday. This beautiful Northwood bowl is white, stippled, and spatula footed with the Meander pattern on the exterior. The iridescent colors are a delight to see under a halogen light source. Pinks and blues with some magenta mixed in give this bowl a magical influence that has to please the most persnickety glass collector.

We found this bowl in a local antique shop and that reinforces our belief that not all the good glass has to be purchased at outrageous prices in glass auctions. There is still nice glass surfacing now and then that can be purchased at affordable price levels. Yes, it does take lots of looking but that is the fun of the hunt. Collecting is supposed to be an enjoyable pastime, and still can be. - not a competition on who can spend the most money. New carnival glass collectors should not be disheartened by the wild prices. There are still many nice low end items, and the occasional rarity, that can be found and enjoyed by true collectors, without putting a mortgage on the house.

As an example, only yesterday we found a reportedly rare white bon bon called Rose Banquet made by Fenton. This was in a well traveled antique mall in Illinois. And we are indebted to the HOACGA Educational Series III Book. This rare bon bon is pictured on page 8 in an article by Dean & Diane Fry.

Without the book we might have passed it by as just another bon bon. These books are loaded with information that all serious collectors should be taking advantage of. This bon bon was rated by the Frys as number one in their top ten list of bon bon rarities in the Sept. 92 issue of the HOACGA bulletin. Many of the club bulletins contain a wealth of knowledge.

NEW DUGAN / DIAMOND CARNIVAL BOOKIN PREPARATION

By Carl O. Burns

Well, I've been at it again folks! Just a little over 1 year ago, work began on the first ever book devoted exclusively to the Carnival Glass producing by The Dugan and Diamond Glass Companies, of Indiana, PA. With the exception of one computer glitch, which ate several pattern files and has necessitated some rewrites, all has progressed smoothly. The text of the book is now nearly 90% completed and the photography about 65% "in the can". I am shooting for a Spring 1998 release date, but that's not written in stone. It will all depend primarily on locating photos of a number of items still needed to complete the book. That's where you come in.

Good, clear Color Photos of any of the following patterns and pieces are still needed:

ADAMS RIB WATER PITCHER	AMARYLLIS COMPOTE
APPLE BLOSSOMS BOWL	BAND HAT SHAPE OR BASKET
BEADS & FLOWERS	TWIGS TALL BUD VASE
BLOSSOMS & BAND CAR VASE	CAROLINE BOWL
DUGAN'S CORN VASE (ONE KNOWN)	COSMOS VARIANT PLATE
DUGAN'S DAISY & PLUME	DAISY DEAR BOWL
DUGAN'S VINTAGE BOWL OR PLATE	ELKS NAPPY
FILIGREE VASE (ONE KNOWN)	FISHNET EPERGNE
FIVE HEARTS BOWL OR ROSEBOWL	FLORAL & WHEAT BON BON
FLOWERS & SPADES BOWL	FLUTED SCROLLS ROSEBOWL
FORMAL HATPIN HOLDER OR VASE	GOD & HOME WATER PITCHER
GOLDEN GRAPE	GOLDEN HARVEST WINE SET
GRAPEVINE LATTICE WATER SET	GRAPE ARBOR BOWL
HARVEST FLOWER WATER PITCHER	DUGAN'S HEAVY GRAPE BOWL
HEAVY WEBB BOWL	HERON MUG
HOLLY & BERRY BOWL OR NAPPY	INV. FAN & FEATHER (EXT)
JEWELLED HEART WATER PITCHER	MALAGA BOWL
PANELLED TREE TRUNK VASE	PINCHED RIB VASE
DUGAN PEACOCK AT FOUNTAIN PITCHER	QUILL PITCHER
RAMBLER ROSE WATER SET	SEAGULLS BOWL
SOUTACHE BOWL OR PLATE	STARFISH BON BON
S-REPEAT PUNCH SET	STIPPLED FLOWER
STIPPLED RAMBLER ROSE	STRAWBERRY EPERGNE
VICTORIAN BOWL	VINEYARD PITCHER
VINTAGE POWDER JAR	WESTERN DAISY BOWL
STIPPLED ESTATE VASE	WOODPECKER CAR VASE
GRAPE & CABLE PERFUME BOTTLE	

If anyone could provide good, sharp, color photos of any of the above items. I would be most appreciative in hearing from you. The photos may be 3x5" or 4x6" size. (Polaroids are not acceptable). I must also insist that NOTHING be written on the backs of the photos, nor any labels affixed to the backs of the photos. All who can provide photos used for the book will received full acknowledgement in the book, and a complimentary autographed copy when it is published.

Photos of ANY Dugan or Diamond pieces, even those not listed here, are also welcome. If you can provide any of the needed photos, or have any questions concerning them, please do not hesitate to contact me at this address or phone number: Carl O. Burns, 60 Rumford Center, Rd., Andover, ME 04216, (207) 392-3044

AIR CAPITAL CARNIVAL GLASS CLUB
CONVENTION 1997
By Donald Kime, President

It seems each year our convention gets just a bit larger. This year was no exception.

It also seems folks begin to arrive a few days early. This year they begin to arrive as early as Tuesday, 15 rooms on Wednesday and over 40 on Thursday and 3 on Friday.

Activities begin on Thursday night when the club treats everyone to a free meal. This has become one of the main events of the convention. We began 15 years ago having it in our homes with 3 couples present. Soon and the last year at our house we had 60. Needless to say our basement sort of came apart at the seams. Now this year at least 110 were there. After the meal we tried a new event. Instead of having a midnight auction, members donated over 40 pieces of old carnival glass and two hand made vests, with carnival glass themes, to be auctioned off, with all of the proceeds going to the club treasury. Mr. Jerry Kudlac and his wife Cleo did the honors of being auctioneer and clerking the auction. Thanks to those who donated the glass and those who helped out with the auction.

Friday morning was free time for everyone to look, buy and sell glass in their rooms. Lots of glass was for sale and some beautiful glass was on display. The hospitality room was opened at 1 pm and the line begin to form before the door was open. Lots of goodies made by the members, both local and out of town. It certainly was a place to visit often. The educational program was at 4 pm and given by Jerry and Carol Curtis. Very, very interesting.

Saturday morning our convention was conducted by Seeck Auction. Some very nice pieces were offered and there was a good turn out. The color was exceptional on some of the pieces. As the dust settled and the sun went down, we all gathered for the banquet and to hear our speaker, Tom Mordini, talk on "Colors". Great talk and attended by 100 anxious folks. Just before our speaker began, Don

Kime acknowledged the contributions given to the club in Roland Kuhn's memory. Richard Cinclair read a letter from the San Diego/Southern California Carnival Glass Club, honoring Roland as well as giving a generous contribution. Many, many more contributed bringing the total given as \$1,140.00. This money will be used to continue on with the club activities in Roland's name. We thank all of you for doing this.

The beautiful raffle piece, marigold Peacocks on the Fence plate, was won by the granddaughter of Ken Osbon. Ken and Bev were here to be able to take the plate with them back to Oregon. The lucky name was drawn by Joyce Seale who was the winner last year. The room displays this year were outstanding as always. The winners were as follows: 1st Ken and Eileen Oppenlander, 2nd Wilford and Judy Shutz, and 3rd to Jack and Eleanor Hamilton. It was very hard to make a choice, they were all so beautiful.

Sunday about 70 people gathered for the farewell breakfast. As the sun rose in the east, people began their journey homeward. We said our goodbyes and until we see you again soon, we hope you enjoyed your stay with us and took home some glass to add to your collections.

THANKS FOR YOUR CONCERN

I can not begin to thank all, on how much your phone calls, flowers, cards, visits and concerns extended to me, have been so much appreciated since Roland's death. He would have been proud to have known how much you all cared and considered him one of your friends and fellow collectors.

Your generous contributions to the club, to carry on with its function in the carnival glass world will always be remembered.

The road ahead will have bumps, sharp curves and lonely miles, but life must go on. He often told me not to grieve but for the hour he was laid to rest, but to remember the good times and not dwell on the bad.

Donald Kime

ON THE AUCTION TRAIL WITH CHUCK

By Chuck Kremer

October 4, 1997: After some recent surgery it was auction time again for Harold Cox. I stopped in Fort Wayne and together we headed for Lapeer, Michigan. The Albrechts had a good sale lined up, and it drew a large crowd proving once again it doesn't take a mega auction to attract carnival people. There was something for everyone this time with maybe a little too much of the "Stippled Rays bowl" category. The owners seemed pleased with the results and were genuinely surprised at some of the prices.

This was the second sale in a month to offer a pair of Crucifix candle sticks. This set, with minor damage to one, brought \$1,500. The 3 in 1 edge Farmyard bowl was nice and sold for \$7,000. The buy of the sale was probably the white Acorn Burrs punch bowl set at \$4,000. I bought the green Hobstar sugar (\$100) and spooner (\$100) to round out my set and got a good match.

Albrechts are planning their spring sale and Dave said the video will be available for \$10. To me the video is a "must". What a good way to preview the sale ahead of time and it is a real help on mail bids.

October 16-19, 1997: Air Capital Carnival Glass Club Convention at Wichita, Kansas. The convention was dedicated to the memory of Roland Kuhn who had recently passed away. Roland was one of the organizers of the Air Capital Club, one of the prime movers over these many years. He knew his glass and was always willing to share his knowledge and talk "glass" with everyone.

There was some concern out in the carnival glass world that there might not be willing people to fill his "big shoes". Some of this concern stemmed from the perception this was a small club with a limited number of Wichita area members doing the heavy work. Well, worry no more. Many of the younger and newer members stepped in and this was just like we had come to expect -- a very well-managed, informative and enjoyable convention. And next year's convention plans are already under way. See you there -- I have my room reserved already.

We couldn't have asked for a better educational program than the Carol and Jerry Curtis presentation. The display of "Colors" and description by Tom Mordini at the banquet presented more colors of carnival glass than some of us would like to believe exist.

The hospitality room that others try to copy! They had it all there again this year. Literally more than anyone needed to eat or drink. I wasn't first in line, but I sampled it all and it was good!

If my memory is correct, Air Capital was one of the first clubs to have an "Early Bird" sit down dinner on the first day. It always featured Roland's homemade ice cream. Roland, if you were looking down on us you know we missed you and your ice cream.

October 23-26, 1997: Great Lakes Carnival Glass Club "Glass Bash." The Holiday Inn was a good location for the convention -- unless you talk to those who lost hub caps in the parking lot Thursday night. The Inn was in a quiet location and the parking lot was well lighted, but it happened anyway. The Michigan Club sponsors the event and always does a good job. They have a good hospitality room, and they make sure we have the time to relax and visit; which is really what such a gathering is all about. The highlight of the convention has to be the bus trip to see Bob Gallo's collection. WOW! What a super display of Millersburg glass plus much, much more.

While overall the glass in the auction was probably not something to write home about, there were many pieces that were available at affordable prices. In spite of the some 450 pieces, the auction was a short, snappy one. Tom and the Richards team did a super job calling this sale.

My trip up to Michigan wasn't bad except the Welcome Center rest stop at mile 5 on I-69 was closed. The least they could do is cover the "Welcome" part when they put out the closed sign. The next one was only 22 miles ahead -- you guessed it -- closed. They must have been winterizing it too. Well, at the next exit the Golden Arches sign was still lit up.

Next year's convention is scheduled for early November. I wish those that voted for that time could have been riding with me down I-94 in the freezing rain and saw all the cars in the ditch, etc. I think when I make my reservation, I'll ask for a "Good Weather Certificate."

LYNN'S MUMS

By Bev Franzen

This, as far as we know, is the only known bowl in this pattern. If anyone else out there in the Carnival glass world has one or knows of one of these bowls, please let us know.

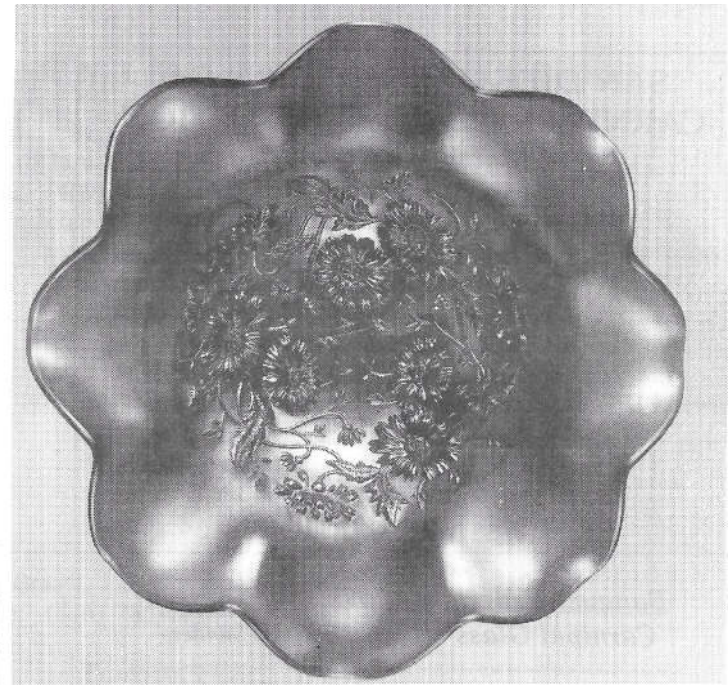

It has been named Lynn's Mums by the owner. It was found by Lynn and Sam Lewis of Richland, Washington at one of the Expo antique fairs in Portland, Oregon in about the year 1989.

It is a Northwood bowl in purple with gorgeous all-over iridescence. It is three-footed (scroll foot), and has the Northwood Ruffles and Rings exterior pattern, a mold purchased from the Jefferson Glass CO. The mums are like the ones found on the Northwood advertising pieces.

It is an 8 ruffled bowl with six open flowers and 5 flowers from a side view with interlacing vines, leaves, and buds throughout.

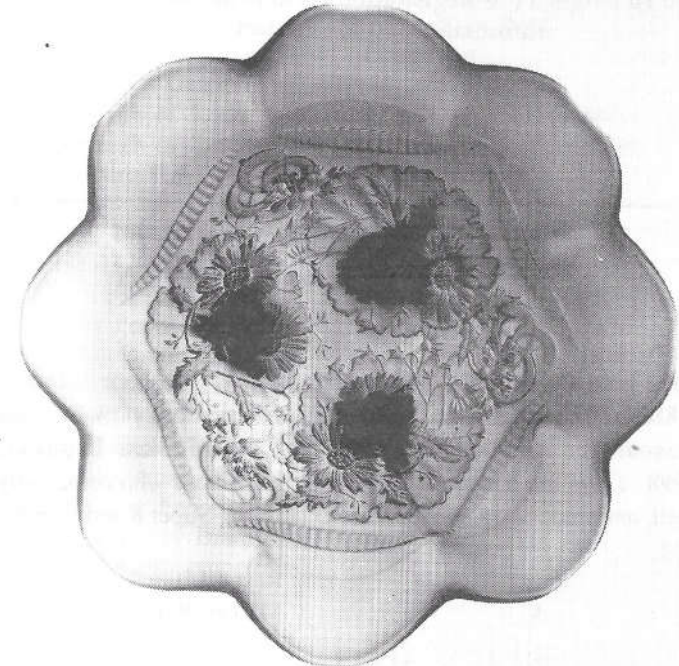

No one that has seen this bowl has ever seen this pattern before. The iridization is quite beautiful, with the pattern quite simple yet effective within the bowl center.

LYNN'S MUMS -- a new pattern name for a very rare bowl (possibly the only one known so far) by Northwood.

CORRESPONDENCE

Dear HOACGA,

Please put a note in your next bulletin that my new area code is (660) 882-5292, (660) 882-5283 (fax same). Also make reservations now at Days Inn Boonville Missouri for 7th Annual New Years Carnival Glass Extravaganza, January 3, 1998. Days Inn has set aside 50 rooms for those who come early that wish to buy, sell, and trade like a convention. Otherwise, Super 8 and Comfort Inn is also booking.

Respectfully,
Mickey Reichel

**We can think of only 1 good reason why you
shouldn't subscribe to *Network***
1. You don't collect Carnival Glass.

NETWORK

is THE quarterly journal totally
devoted to Carnival Glass.

**Here's 4 good reasons why you should
subscribe to *Network***

- 1. Our articles are based on the very latest research**
- 2. We have excellent illustrations - line drawings and
plenty of photographs**
- 3. We bring you unique insights into the world of
Carnival**
- 4. We bring you information from all over the world**

Network is now in its fifth year of publication. Though it's published in the United Kingdom, we have contributions from all over the world in particular from North America and Australia as well as the UK itself. *Network* has an International subscription too - it's read in Europe, the USA, Canada and Australia. Our articles are very wide ranging and we aim to bring you the very latest information. Nothing is held back - if we hear about it - then our subscribers do too. Only lack of space limits us! In 1997 we have begun to catalogue the Carnival production from the Jain works in India and the Riihimaki factory in Finland. Much work is currently being done on European Carnival production. We also concentrate on the Classic Carnival produced in the USA back in the early years. Unique insights on Northwood and Fenton have been presented recently, concentrating on the "Signature" characteristics of those two factories. Joan Doty's superb work on vases is also frequently featured.

We aim to pack as much into every issue as possible. We bring you news and views from around the world plus what's been found. Our illustrations are different. Our detailed line drawings of patterns are invaluable for identification. We also have plenty of photos, including some from Dave Doty. We keep our subscription price as low as possible, we haven't increased it since we began. We value every one of our subscribers.

So - if you've been thinking about subscribing - please do it today.

**Network is only \$20 for four quarterly issues. Please send checks (payable to
PageWorks) to**

PO Box 2385, Mt. Pleasant, SC 29465.

Canada, Australia and UK write to PO Box 83, Alton, Hants GU34 4YN, England
Checks to G.Thistlewood. £11.20 for UK sub.
£15 for Canada & Australia (or send \$20 USA)

YARD TALES

By Pat Call

I'm always hearing about those great finds that other people uncover at Yard Sales. Generally speaking, when I spend hours, energy and gas money to follow the crowd, I find old clothes, baby things, and Tupperware. But not always...

A couple years after Jim and I retired to New Hampshire, I followed the advice of an antiquing friend and went to a yard sale that was held on a fairly regular basis by a woman who was actually offering antiques. She was a compulsive auction goer, and a buyer who frequently ran out of room. So she held two or three sales in the summer.

Most of her merchandise was furniture and household furnishings. But on my first trip to her sale, I saw two attractive, matching Carnival Glass bowls. For \$15.00 each I purchased two marigold Millersburg Cherries deeply ruffled bowls... with the HOBNAIL back.

H.O.A.C.G.A.

CLUB NEWS & GENERAL INFORMATION

The Newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next months bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to H.O.A.C.G.A. and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- * Members provide Room Displays with glass from their collection.
- * Members are encouraged to bring glass for Sale.
- * Educational Seminars are provided by members.
- * A Major Carnival Glass Auction is provided.
- * The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- * A banquet is held with a Carnival Collector as our Speaker.
- * A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

* **Membership Dues** - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the

publication of the monthly bulletin, typing, printing and mailing.

* **Educational Series - Book I** - 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.

* **Educational Series - Book II** - 180 articles with pictures (black and white) of Carnival Glass Tumblers

* **Educational Series - Book III** - 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, and Table Sets. Also included is a listing of 500 rarities.

* **Hartung Carnival Glass Pattern Books** - A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.

* **Pattern Notebook** - A notebook containing sections on Mugs, Table Sets, Rosebowls, Water sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a **COLOR** picture along with information about the Maker and colors of each different pattern.

* **Souvenirs** - Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small Good Luck plate in ruby red, the Green Opalescent - Fenton, Cobalt - Millersburg, Marigold - Imperial, and Teal - Dugan Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.

* **Video Tapes** - Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

NOVEMBER 1997
HOACGA MONTHLY MEETING

The next monthly meeting of the Heart of America Carnival Glass Association will be on Sunday, November 23, 1997 at 2:00 P.M. at the PARK LANE MEDICAL CENTER at 5151 Raytown Road, Raytown, Missouri. Park West of the doctors building, which is on the south end of the hospital complex. We will discuss patterns with birds. This is the last monthly meeting of the year so dust off your peacocks, robins and woodpeckers and bring them to honor that well known bird, the turkey. There will be NO DECEMBER MEETING.

The October 26 meeting had a good attendance in spite of the predicted snow. Fortunately it blew north of here. President Grissom reported on the 1998 Convention status and advised to reserve early (see the first page of this bulletin for numbers and dates.) Over 30 great pieces of marigold were discussed including a moonprint vase, curved star flower pot & frog, rare tumblers (Strawberry Scroll, Quill, Crabclaw and Marilyn), 2 rustic vases, and a pair of Crucifix candlesticks.

Ed Kramer, Secretary HOACGA

NOTES FROM THE SECRETARY

- 1.) We still have 18 plum opal votives and 2 blue opal votives from the 1997 and 1996 banquets respectively. They are \$20.00 each, postage included. This is the last of these.

Ed Kramer
Secretary HOACGA

A WORD OF THANKS

Many of you knew of the recent unexpected death of my beloved brother Bud. Norma and I want to thank our many friends who sent cards and made phone calls. It really touched our hearts. He will be sadly missed for all times

Daryl & Norma Strohm

CORRESPONDENCE

Dear HOACGA,

Here's my order for the Hartung HOACGA Rose Bowl Pattern Notebook.

The more I learn about carnival glass, the more I enjoy my collection. Through the club, I have located two treasures that were lost during my "nomad" years. It was delightful to replace them.

Viola Bristol-Johnson
Ft. Morgan, CO

Dear HOACGA,

Yesterday, 10/25/97, I purchased a very unusual piece of Dugan glass. It is a bowl, 8½" in diameter, 2½" deep, with 48 points around the perimeter and 20 panels on the interior.

In the center is a very realistic cluster of malaga grapes surrounded by four leaf patterns with tendrils. There are 2 trefoil and 2 double leaf patterns. It is a very pretty pastel marigold with excellent luster. It is, of course, Dugan's very scarce and elusive Malaga pattern. Edwards shows it in his 5th edition of S.E.C.G. on page 167. I was very pleased to find this rare pattern especially for \$50.00. We really enjoy belonging to the best carnival glass club in America. The bulletins have greatly aided us in our learning.

Mr. & Mrs. A.M. Goodman
Louisville, KY 40272

CORRESPONDENCE

Dear HOACGA,

Enclosed is our check for payment of our 10/97 - 10/98 membership dues. We very much appreciate our Association and enjoy the valuable information we receive in the bulletin.

Our thanks to the hard working officers. Keep up the good work.

Weldon Blanton
Cary, NC

Dear HOACGA,

What an expensive fun hobby!! We do truly love this glass & the Club. We have made so many friends as well as learned so much from your publication, convention & people who know more than us!!

Emmet & Dorothy Morgan
Brenham, TX

Dear HOACGA,

Here are our dues for the next year. We appreciate the bulletin and the wonderful info in it. Also all the carnival glass people we have met.

John, Sr. & Sandy Stafford
Dalton, WI

Dear HOACGA,

Enclosed check for \$24.00 for the three water sets. Whoever put together the photo sets, I think did a wonderful job. But, all the nice people that put together the HOACGA bulletin do a wonderful job too.

Kermit Howard
Elberfeld, IN

CORRESPONDENCE

Dear HOACGA,

Please accept my membership application and \$25.00 check. My mother was Ernestine Hixson who was a member of your association and avid carnival glass collector for over 30 years. I moved here July 1996 to help care for both of my parents as they both were seriously ill. My mother passed away May 12th and my father passed away July 18th. My mother was a brittle diabetic for over 70 years and had been losing her sight the past few years. However, when your monthly bulletin arrived each month, she would get her magnifying glass out and totally read and absorb it. I think her last ad was placed in your bulletin a year ago. As her eyesight decreased, I would read it all to her either at home or in the hospital. Carnival glass was her passion. She lived, breathed, and died it. She would talk about it for hours on the phone to other carnival glass collectors across the country. For someone who was disabled and wasn't able to get out, she had more friends she had made through the love of carnival glass. She was very knowledgeable and shared it with anyone else who wished to learn more about it. Unfortunately, growing up surrounded by it as a child, I did not take advantage of her expertise on the subject. She welcomed people into her home and was very proud to share her collection with others.

The week before her death, she specifically told me that the entire collection was to be mine. I look forward to receiving your bulletin each month and making new friends. I hope to make my mother proud by learning more about collecting carnival glass and cherishing her collection.

Sincerely,

Noella R. Hixson
Mobile, AL

Editor's Note: What a touching tribute. We are proud to have you as a member of our club, and delighted that you are carrying on a wonderful family tradition.
