1998 HOACGA SOUVENIR - LOVING CUP

The 1998 HOACGA souvenir will be the "Orange Tree" Loving Cup in White carnival. This is one of the more famous Fenton patterns. The Loving Cup was originally made in Amethyst, Blue, Green, Marigold, White, a Peach Opal, a Smokey Blue, and an Aqua Opalescent.

A limited edition of only 225 of the Loving Cups will be made. They will be marked on the bottom as commemorating the club's "25th Anniversary". We wanted to have the Loving Cup made in a silver (smoke) color in keeping with the club's anniversary, but the closest we could get to that was the beautiful white carnival. We think this will be very fitting for the club's 25th convention anniversary.

The cost of the souvenir will be \$40.00 plus \$3.00 for U.S.A. shipping. For those attending the convention, the souvenir will be available for purchase there. We believe that you will enjoy owning one of these souvenirs.

SEND ORDERS TO: Ed Kramer, Secretary, 4305 W. 78th Street, Prairie Village, KS 66208. Make checks payable to HOACGA

AQUA OPAL - PATTERNS / PIECES NEEDED

An Aqua Opalescent Carnival Glass display and educational program is being planned for the Convention. We are attempting to have all patterns along with the different pieces (shapes) represented in this display.

Several collectors have agreed to bring pieces for display, but there are some pieces that we still need.

Listed are the pieces that are still needed and the ones that members have agreed to bring..

If you have any pieces of Northwood or Fenton Aqua Opal, or Westmoreland Blue Opal pieces that are not on either of the above lists and would be willing to bring them to the convention please do so. It will add to the display and educational program. If you have a piece and are not coming to the convention, please call Daryl Stohm, (816-252-8053) and let him know. Your help is always appreciated. Each piece will be photographed and possibly used as a section for the HOACGA Notebook at a later time. The program will also be video taped.

BEADED ACANTHUS & POINSETTA

By Alan & Lorraine Pickup

Here we have two Imperial Glass Company patterns that share a common thread. Both of these attractive designs were made in milk pitchers only. Why other shapes were not made in either of these two patterns is our loss today. Imperial Glass Co. provided us with many milk pitchers. In fact, they seemed to have dominated the field in this shape.

They range from the fairly common marigold Star Medallion to spectacular purple milk pitchers such as Four-Seventy-Four and Fieldflower. That is not to say that other purple pitchers, like the Windmill and Poinsetta are not held in very high esteem. We arrived home from a long past auction with our purple Windmill and after giving it a good scrubbing, we were thrilled with its wild colors.

Now let's look at the Beaded Acanthus. This is a pattern that is not seen that often and may be considered a sleeper. Apparently, smoke and marigold are the only colors that are known to exist. The possibility that green and purple (amethyst) also exist would only be speculation on our part. Either color would certainly be

treasured and we would think that if they do exist, they would certainly have surfaced by now.

A nice dark marigold is the most often found color but not in the numbers that you would expect. Checking our past auction results from 1983 through 1996, in the last fourteen years only eight marigold pitchers have been sold. Compare that record to the popular marigold Poinsetta with about twenty five changing hands in auctions, and many can be found in the antique malls. That gives us a relative ratio of three or four to one.

There are none listed as being sold in smoke. We have been told that they do exist, but we cannot recall actually seeing one ourselves. The price guides only reflect a \$75 difference in prices between marigold and smoke. A somewhat unrealistic price difference considering the absence of its availability. This might be a classic example of supply and demand. With little demand, very few appear on the market. The help increase the demand, we would be delighted to add one to our modest collection at the prices quoted in the guides. Got one?

JERRY AND CAROL CURTIS

If you attend our HOACGA conventions, you have probably become acquainted with this interesting couple. They have assisted the club by helping with the judging of the room displays, and by presenting an educational program at our 1990 convention. The HOACGA Board recently asked them if they would share their Carnival Glass experiences:

"We are honored that you have asked us for our story. Carol and I first became interested in Carnival Glass in about 1983. Up to that point in time, we were more into depression era glass, pottery and other glassware. Both Carol and I had our real estate licences, and on one occasion, Carol had been contacted to list a piece of property. It was not in a very safe part of town, so I accompanied her to look the property over. We met the selling party who had been renting the property out to a relative, and discovered a house full of antiques, glassware and junk. Carol inquired about an old cake stand, and the lady told her she did not know yet what she wanted to sell, but would let her know later. She called Carol later that night and told her she had gotten everything out of that house that she wanted and Carol could help herself to the cake stand and whatever else she might want. She added whatever we did not want was going to the junkyard. We returned the next day and hauled several pickup loads of all sorts of glassware out of the house... among which was three pieces of Carnival Glass... two vases and one green Grape & Cable plate. She informed Carol what it was and eventually brought over an old Bill Edwards Price Guide and helped us identify the piece. When we saw the value of that plate versus some of the depression era glassware we collected, plus the beauty of the iridized plate versus the rather plain look of depression glass, we quickly made up our minds that that's what we wanted to collect.

We have not limited our collection to any particular color, pattern, shape or manufacturer. From the "git-go", we have truly like it all. Those of you who know Carol and me, also know that our "drummer" leads us down various avenues. Our tastes in Carnival Glass encompasses all facets of the hobby. Sure, we like the super rarities, and along the way, we have amassed a few of those. We like the color "red", and have around twenty pieces in our collection. If there were any one thing that really stirs our interests, I would say it would be the strange or unusual pieces, the rare or seldom seen pieces, and miniature and novelty pieces. I, more so than Carol, have an affinity with the old Carnival Glass Kerosene and Electric Lamps. If I

were to have to select a particular favorite, it would have to be our Farmyard Bowl, probably because it kindles fond boyhood memories of life on the farm. Carol likes the Holly pattern, and one of her favorites is one in a rare moonstone glass which we purchased at a Britt auction. In characterizing our collection, I would have to say it still follows closely the title of an educational program we did at HOACGA in 1990. It is really a "Heinz 57 Variety" Carnival collection. As for pieces we would like to add... like others, our tastes most usually outweigh our pocketbooks. If price and availability were no concern, I would surely like to add to our collection a People's Vase and Carol would like to have one of each color of the Fenton Butterfly Ornament. We both would also like to have a Cleveland Memorial astray.

In our collecting, we have had many great Carnival "finds". Perhaps one of the most interesting was the discovery of the Marigold Millersburg Trefoil Fine Cut Chop Plate in a little flea market in Florida. We had planned an anniversary trip to that area and had asked John & Lucile Britt of some good hunting areas along the way. John told us of one flea market in particular where he had had some good finds. We went to the flea market, and I spied the chop plate on an old dish drainboard with a lot of other types of plates and bowls. I asked to see the piece and as I was looking it over, Carol strolled up, looked at the piece, turned up her nose, as she said "English" and walked away. However, something clicked in my mind as I looked it over, and Carol was not altogether happy with me as I paid the lady her \$9.16 asking price. As it turned out, it is the only one known or reported at this time, and according to Bill Edwards, worth several thousands of dollars!

Carol and I both attended High School together at Eufaula, Oklahoma. I was a couple of grades ahead of her, and we were never romantically involved during our school years. I did, however, work for her Mon and Dad at their newly opened Tastee Freeze. When I graduated from high school, I did what almost every young man did at the time, I joined the Army. Carol and I went our separate ways, married and had families, and never saw each other again for over twenty-two years, when I, divorced father rearing two teenage daughters, returned for my High School Class Reunion. There I became reacquainted with Carol, a recently widowed mother, also with a teenage son and daughter. We were married in 1981 and my job as an Area Manager for Southwestern Bell Telephone Company

PICKING STRAWBERRIES

By Cliff Ball

moved us from Stilwater to Muskogee, where we eventually discovered our love for Carnival Glass. We heard from an antique dealer of the annual HOACGA convention and attended our first convention in 1987. She (the antique dealer) told us to take glass to the show and sell and to be sure to have a room display. I will never forget our very first display. We were really going to show our very best Carnival Glass, and Carol had the previous year, for my birthday, given me a Marigold Question Marks compote. We centered our theme on that... preparing a colorful poster with question marks (?) all over it, for we had so many questions about the beautiful glass. We met and fell in love with John and Lucile Britt and of course, Bob and Rosa Grissom. They took us under their collective wings and answered all of our many questions with patience and understanding. Wilbur and Bernice Bell enlisted our help in preparing for the banquet. And, what a memorable banquet it was. There, for the first time, we heard one of the great and eloquent speakers of our time, Don Moore. His beautiful glass and outstanding presentation remains etched in our minds and furthered our interest and love for Carnival Glass.

Since I retired in 1991, and we moved to Colorado, Carol and I have become certified organic farmers. Our staple crop is Spanish Red Garlic, and we sell to health food stores, grocery stores and a few individuals. We plant about an acre every year and that keeps us busy from April through October. We are branching out and trying other vegetables that can grow in our limited Spring and Summer seasons. We also love to trout fish, and in the winter we ski at Wolf Creek, about 35 miles from where we live. We live in a rather remote area, so Carol became a volunteer Emergency Medical Technician in our county.

Aside from HOACGA, we also belong to the Air Capitol, International, San Diego, and Pacific Northwest Carnival Glass Associations. We have given two banquet programs and two educational programs at various club's conventions. We enjoy attending at least two or three conventions each year and have missed only one HOACGA convention since becoming members... and that was due to building our new home in Colorado. We have recently become web surfers and surf the web daily. If any of our Carnival friends would like to contact us, our email address is: jjbc@pagosasprings.net

Like most couples who are new to our fascinating Carnival Glass hobby, Jo Ann and I had at first purchased just about any piece of glass that was iridized, available and within our budget. After a couple of years, we decided that it would be wise if I would "specialize" in some color, shape, pattern or manufacturer. By doing this, I would have an opportunity to become fairly knowledgeable of a specific area of Carnival Glass.

As a small child, I always looked forward in the springtime to the day when the strawberries would become ripe. I loved to pick the bright, sweet red berries... eating my fill of them before taking some into the house.

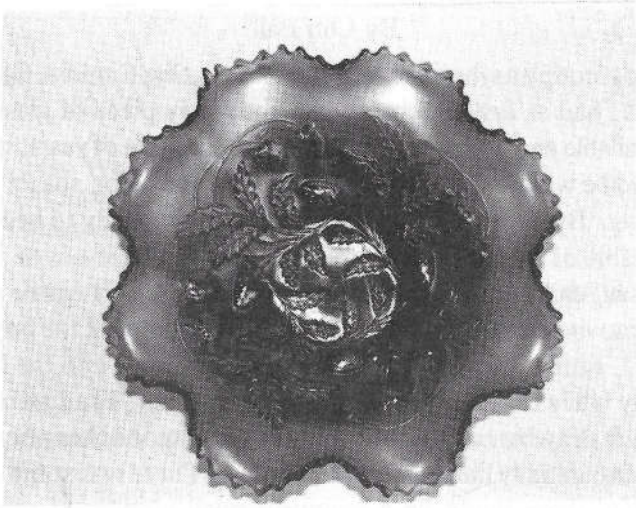

One day while thinking just where to "specialize", I had an inspiration: Why not pick strawberries? So, I chose the Northwood Strawberry pattern and decided to initially limit my quest to bowls. There was some concern at that time that there might be a relatively small number of pieces in my special collection. If I had one bowl of each of the known colors, I might have only 8 to 10 bowls.

It was not too long before it became obvious that I could have a fairly sizeable collection of Strawberry bowls. The bowls come in at least eight available colors. Each of these can be found in two different edge types (pie crust and ruffled). All of the colors and edge types were probably made with either a basketweave or a smooth back. The bowls were also made in a stippled and a non-stippled pattern. (The stippled ones have three narrow rings around the edge of the pattern and they are more difficult to find.) If I could ever find and obtain one each of all the color, edge type, back pattern and design combinations, I would have as many as 64 different Northwood Strawberry bowls.

Northwood also made another variation of their Strawberry pattern adding a small blossom to the central design. This design has come to be known as "Wild Strawberry". No one is sure how many colors, edge type or back pattern combinations might have been made in Wild Strawberry.

In the future, should I decide to expand my Strawberry collection beyond bowls, there would be quite a number of plates in this pattern including those with a hand gripped shape.

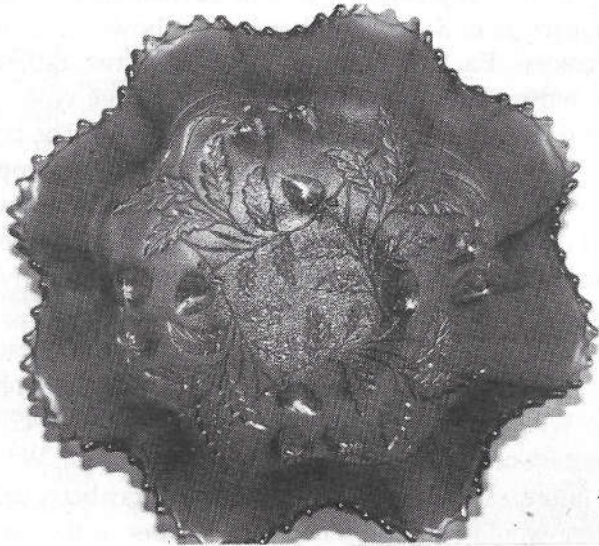

I'm glad that I have that wonderful childhood memory of picking strawberries... and I am especially pleased that, as a Carnival Glass collector, I picked Northwood's Strawberry pattern as my specialty.

THOSE LITTLE PIECES OF GLASS

By Gerald Thomas

Is bigger better? Not always. I wrote this article after reading an investment newsletter which discussed the growing popularity of leisure activities - resorts, casinos, cruise lines, golf courses and retirement communities. Regardless of age or occupation, we all enjoy leisure time. I suspect the desire for easy, care free living will not only influence how and where retirees live, but will also influence glass collecting habits as well.

How do changing life-styles and demographics affect carnival glass collecting? My thoughts on this subject are that maybe smaller, focused collections are better than larger, extensive collections. A focused collection as I see it should encompass fewer glass pieces and should consist only of specific glass patterns, shapes or small glass rarities. I want to emphasize the word "small" here. The reason for collecting small glassware pieces can best be explained this way. It mainly has to do with a big shift in demographics. The "baby boomers," people born in the 1950's are well on their way towards attaining retirement age. I'm not convinced that the majority of these folks want to retire on a farm, feed the critters and maintain a six bedroom house filled with furniture, antiques, collectibles or carnival for that matter. Most people, I believe, probably want to retire in a warm climate, enjoy convenient, affordable housing and are not interested in extensive yard work or house cleaning. Sound familiar? If a small, manageable collection of some truly wonderful glass sounds appealing to you, then below are a few suggestions:

A collection of miniature compotes - Embossed Scroll, Leaf and Little Flowers, Boutonniere, Miniature Blackberry and Wheat patterns.

Tumbler collections - Assemble a collection of tumblers made by only one manufacturer, Fenton, Millersburg or Northwood, not ALL of them combined.

Spittoons - Inverted Strawberry, Hobnail Swirl, Hobnail, Grape & Cable, and Feather and Heart (if you can find one). Also there are several contemporary spittoons, mostly convention souvenirs gaining popularity.

Small plates - Usually six or seven inches in diameter. Several exceptional patterns and colors exist in this category.

Toothpick holders, Small Open Edge baskets, swans, hat pins and iridized buttons. All very small, easy to display and affordable

I could go on, but the point here is that collections of the type identified above do offer appeal simply because the glass objects are indeed small and don't require a lot of display space. One or two china cabinets will do nicely. Large plates, water sets or punch bowls on the other hand do require significant display areas. Residences such as apartments, condos or town homes can easily accommodate smaller glass displays. Another aspect to building an appropriate sized collection involves quantity. There are probably a few thousand variations in carnival glass tumblers. Where does one start collecting? Do you try to collect every pattern or only expensive tumblers, or tumblers made in a certain color? How many people really want to own a few thousand glass tumblers? The focused collection is a more practical alternative.

The focused collection still offers the challenge of trying to assemble all the variations of a particular pattern and/or color, but the collecting effort is a bit easier in terms of size, scope and cash outlay. A well managed collection usually offers greater personal satisfaction. As growing numbers of retirees enter their "golden years", I'm confident most want convenience and pleasure in their glass collecting pursuits. This truthful reality strongly suggests that collections of small carnival rarities will be very popular and very easy to liquidate. Good Hunting!

ON THE AUCTION TRAIL WITH CHUCK

By Chuck Kremer

As I was going through some old HOACGA bulletins, I came across some items that brought back memories. Marge and I enjoyed our auctions and conventions and attended many - some more memorable than others. Once in a while there is the one-of-a-kind auction like the one in Asheville, North Carolina in 1988. The auction was normal, but the difference was the complimentary prime rib dinner the hotel served those of us still around later in the afternoon.

And then there was the Woody Auction in Ohio in mid 1970's. Woody charged a lunch fee (\$5.00 if my memory is correct). When we stopped for lunch, Marge and I sat down at a table and introduced ourselves to the couple across from us. That couple was Harold and Arline Cox. We were collectors from the same city and didn't know each other. That was the start of a lovely friendship for Marge and me.

I also remembered some stupid buying mistakes or learning experiences. Like the time the nice toothpick holder was sold. It was a beauty. It should have been since it was new, but sold as old. And there was this miniature piece that had been altered. I do not know why, but I still have these two pieces.

As a table set collector, I was reminded of some missed opportunities. At the I.C.G.A. convention in 1987, I bought an Amethyst Inverted Strawberry set and promptly returned it because it had more problems than I expected. Afterwards, the owner thanked me because he had paid almost twice what it brought in the auction. Well, it took me seven years to find the pieces I have now. The cost much more and I still had to put up with some damage.

The Brown auction in 1975 had 3 or 4 table sets and about 30 butter dishes, but we ended with only one set and one butter. Why? That is what I asked

myself now 23 years later. I guess I did not do my homework before going to the sale. I still do not have two of the butter dishes sold that day.

There are more, but as I look at it now they all added to the enjoyment of our hobby. It wouldn't have been as much fun if everything fell into our lap without research, effort, wonder, doubt and yes mistakes.

February 15, 1988: A week ago, I drove to the far Southwest of our Metro Indy area to preview an auction. New territory and new auction house. The advertised carnival - some Northwood. Well, no carnival, but there was evidence of an old time collector as there were a half dozen I.C.G.A. Appreciation Awards. All were iridized pieces of glass. The sun was shining and I enjoyed the drive as well as talking to the auction house owner. I heard an interesting tax story. Indiana is cracking down on sales tax collection at auctions.

Today there was an estate auction at our county fairgrounds. There was carnival - all of three pieces, one of which was a flower frog. I stayed long enough to see how the crew ran the sale. They had a variety of junk and collectibles, and to their credit they announced ahead of time a would not be calling any damage, but if the buyer found something "just send it back."

Question: We have HOACGA members living in six foreign countries and forty-nine states. What is the only state which is not represented on our membership rolls?

A NOTE OF THANKS

I would like to express my sincere appreciation to all of the HOACGA members who responded to my request in the November bulletin concerning photographs and information for the forthcoming book on Dugan/Diamond Carnival Glass. The response was overwhelming and all of the needed photos were quickly obtained. Your efforts will not go unrewarded, as I think everyone will be pleased with the finished product.

The book was completed during the last week of January and it is now in the hands of the publisher. I'm pleased to announce that Collector Books will be publishing it and Lisa Stroup, who did such a fabulous job as editor on the Imperial Book, will once again "take up the task". The release date is tentatively set at late Summer/early Fall, but it MAY be ready before then. There will be a notice in the bulletin just as soon as it is available. The price has not yet been determined, but every effort is being made to keep it at a reasonable level. (Lisa informs me that paper, printing and binding costs have increased over 40% in just the last year!)

The book will feature nearly 250 color photos, including many rare and one of a kind items, as well as a few surprises. Also included is what I believe to be the most complete listing ever compiled of Dugan/Diamond reproductions produced from 1970 to the present. (And believe me, there are a LOT of them!)

Photos submitted that did not make "the final cut" will be returned to you just as soon as possible. Be patient as this process takes time. All who submitted photos that were used in the book WILL receive an autographed copy just as soon as the book is available. One again, my sincere thanks to all who participated in this project.

Dear HOACGA,

Here is information about a new Carnival Glass club: The Sunshine State Carnival Glass Association based in the Fort Lauderdale area. Very strong response already. First meeting to be held March 21, 1998 at 1 P.M. at the home of Craig and Susan Evans in Coral Springs, Florida. 1st annual convention tentatively schedule for the 3rd weekend of January, 1999. For more information and directions, please call daytime at 800-842-3074, evenings at 954-340-1626.

As for the rarity my wife and I found. We were at the South Florida Fairgrounds a few months back and an elderly gentleman was selling some carnival glass. Nothing very expensive, but nice pieces nonetheless. I asked him if he had anymore and he said yes, at his home. He said that he isn't at home all that often, but would call us when we could come over. About 2 weeks later we got a call from him and we went over to see what he had to offer. Scattered throughout his living room and dining room were about 150 pieces and some were simply beautiful. My wife noticed a Three Fruits PCE bowl with plain back and spectacular pastel iridescence that appeared to be lime green. We asked him the price and it was very reasonable so we gathered up a half dozen others items and went home. Upon arriving at home, we both looked at each other and said, "This Three Fruits Bowl is NOT lime green". It's not Ice Green, nor Olive Green, nor anything we had ever seen. So we made a few calls to more knowledgeable people. We brought the piece to the Tampa Bay auction where it was confirmed by the "experts" as the only known bowl in "Sea Foam Green" - Three Fruits PCE with Plain Back - Pastel Iridescence.

Dear HOACGA,

Shelli and I will be at the convention in April with our "Ultimate Recycling Program." We call it "Carnival Cuts."

This started about seven years ago when we had a broken piece of Carnival that my folks gave us and we didn't want to throw it away. We looked around to see what it could be used for. Shelli came up with the idea of jewelry. We also feel we are doing our part in saving a little bit of our history. Think of all those beautiful pieces that are now buried - under how much dirt? - in the dumps all over the country.

We will have our jewelry at the convention. We know all will not buy, but are hoping all will come and see.

Bring your broken or damaged carnival glass to the convention. We will make you a piece of jewelry for your piece of glass.

Till then, Happy Carnival Glass hunting. See you in April!

HONEY BEE POT

By Bob Bishop

This is the beautiful teal green Honey Bee Pot by Westmoreland!

The teal color tells you it is Westmoreland! It is only suppose to be made in marigold and teal green.

You will notice it comes with the original honey stick. It does not come with a spoon.

The pot has a honey bee just above the slot for the honey stick. It also has another bee exactly opposite the honey bee on the front.

The Honey Bee Pot really looks like a bee hive with a button on top so that you can remove the lid. The measurements of the pot are 4" high, 4" middle measure, and 3½" at the bottom.

All colors are rare in this beautiful Honey Bee Pot.

MARCH BULLETIN

By Daryl & Norma Strohm

Norma and I were reminiscing one night, so we decided to put our thoughts into the bulletin. 1997 was a good year for us, even though we lost family members and some dear carnival friends in '97 & '98. Life goes on. **1997 was a banner year for all carnival glass collectors.** Lots of good glass became available for sale, the **interest of new club members** and all the **new faces** you see at the carnival auctions, I would have to say **carnival is well and growing.**

We were please that we had the opportunity to purchase two rare pieces in 1997. We purchased a beautiful **marigold Christmas compote** that is smaller in height and circumference, but from the same mold. We have shown it to several carnival collectors and they have never **seen one in this shape.** We also purchased a **Millersburg Blue Blackberry Wreath 7" Ice Cream Shaped bowl** with a beautiful satin finish.

Norma and I were surprised when the Dean and Diane Fry article came out in the December 97 Town Pump on Blackberry patterns - **and they stated that only one is known in this shape.** Could this be that one?

CORRESPONDENCE

Dear HOACGA,

I look forward to receiving the monthly bulletins which have enhanced my knowledge of carnival glass. Furthermore, my ads have allowed me to come into contact with other collectors from all over this country and the world as well.

CLUB NEWS & GENERAL INFORMATION

The Newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next months bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to H.O.A.C.G.A. and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- * Members provide Room Displays with glass from their collection.
- * Members are encouraged to bring glass for Sale.
- * Educational Seminars are provided by members.
- * A Major Carnival Glass Auction is provided.
- * The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- * A banquet is held with a Carnival Collector as our Speaker.
- * A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

- * **Membership Dues** - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the

publication of the monthly bulletin, typing, printing and mailing.

- * **Educational Series - Book I** - 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.

- * **Educational Series - Book II** - 180 articles with pictures (black and white) of Carnival Glass Tumblers

- * **Educational Series - Book III** - 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, and Table Sets. Also included is a listing of 500 rarities.

- * **Hartung Carnival Glass Pattern Books** - A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.

- * **Pattern Notebook** - A notebook containing sections on Mugs, Table Sets, Rosebowls, Water sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a **COLOR** picture along with information about the Maker and colors of each different pattern.

- * **Souvenirs** - Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small Good Luck plate in ruby red, the Green Opalescent - Fenton, Cobalt - Millersburg, Marigold - Imperial, and Teal - Dugan Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.

- * **Video Tapes** - Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

MARCH 1998
HOACGA MONTHLY MEETING

The next monthly meeting of the Heart of America Carnival Glass Association will be on Sunday, March 22, 1998 at 2:00 P.M. at the PARK LANE MEDICAL CENTER at 5151 Raytown Road, Raytown, Missouri. Park West of the doctors building, which is on the south end of the hospital complex. Rather than a discussion, we will have a SWAP and SHOP. Each member may bring 2 pieces of old carnival glass or souvenirs for sale or trade. This should be interesting and different. Come one down, maybe the price will be right.

The February 22, 1998 meeting was chaired by Daryl Strohm, Vice President as Bob and Imogene Grissom were attending the Texas convention. After our business meeting, we discussed red, white, and any color with hearts in the pattern.

We had a dozen pieces of glass including a red orange tree mug, white hearts and flowers compote, blue hearts and vines bowl, red butterfly and berry vase and a red orange tree ice cream shape bowl. Norma Strohm won the door prize: a blue opal votive.

1998 H.O.A.C.G.A. CONVENTION

NOTICE: THE CONVENTION WILL BE ONE DAY EARLIER. THE FIRST DAY OF THE CONVENTION WILL BE ON A WEDNESDAY AND THE AUCTION WILL BE HELD ON A FRIDAY. THE BANQUET WILL BE ON FRIDAY EVENING.

The 1998 Convention will be April 22, 23, 24, & 25, 1998 at the EMBASSY SUITES, 7640 N. W. Tiffany Springs Parkway, Kansas City, Missouri. You may make your motel reservations by calling the Embassy Suites at 816-891-7788, between the hours of 8:00 A.M. & 4:00 P.M. on weekdays. Other times reservations can be made by calling 1-800-EMBASSY (1-800-362-2779). When making your room reservations please reserve any table(s) (6 ft) that you will need for your room display or for displaying your glass for sale. The table charge is \$10.00 per table, for the duration of the convention. The FAX No. at the hotel is 816-891-7513. The Embassy Suites is only 5 minutes from the Kansas City International Airport. Shuttle service is available from the motel.

If you are making a reservation for a Thursday night only, in order to attend the auction on Friday, it is requested that you make your reservations at the HOMEWOOD SUITES (816-880-9880), which is next door. The rooms are as nice and the rates are the same as the EMBASSY SUITES. This request is being made in order that those persons wanting to attend all of the convention activities will be able to have a room at the EMBASSY SUITES.

HOACGA HAS BLOCKED 185 ROOMS FOR THE CONVENTION, BUT THE BLOCK CAN ONLY BE HELD UNTIL APRIL 11, 1998. PLEASE MAKE YOUR RESERVATION BEFORE APRIL 11, AFTER THAT DATE A ROOM MAY OR MAY NOT BE AVAILABLE. WHEN MAKING YOUR RESERVATIONS, MENTION THAT YOU ARE WITH THE HOACGA CONVENTION. IF YOU CALL FOR A RESERVATION, AND THEY TELL YOU THERE ARE NO ROOMS AVAILABLE, PLEASE CALL BOB GRISSOM AT 816-356-5320. If you make your reservation through a travel agent, be sure they reserve your room with the HOACGA Convention. SMALL PETS ARE ALLOWED. WHEN YOU CHECK-IN, PLEASE TELL THE CLERK THAT YOU WILL HAVE AN ANIMAL IN THE ROOM.

IF YOU MAKE A ROOM RESERVATION AND THEN DECIDE, AFTER APRIL 11, TO CANCEL YOUR RESERVATION, PLEASE LET BOB GRISSOM KNOW. IF YOU CANCEL YOUR RESERVATION WITH THE HOTEL, THEN THE NEXT PERSON THAT COMES IN AND WANTS A ROOM WILL GET THE ROOM. HOACGA WILL

PROBABLY HAVE MEMBERS ON A WAITING LIST FOR THE ROOM.

ROOM INFORMATION - The rate for all suites, except suites 219 thru 226, is \$87.00 per day for single or double occupancy, for three or four occupancy the rate is \$97.00 per day. The rate for suites 219 thru 226 is \$10.00 per day more. The room rate includes a free cooked-to-order breakfast and a two hour manager's reception every evening. Breakfast starts at 6:00 A.M. Each suite contains a bedroom, and a living area with a microwave oven and a refrigerator. All suites are the same, except some have a king size bed and others have two full size beds. YOU MUST BE A MEMBER OF HOACGA TO RECEIVE THE REDUCED ROOM RATE.

Suites 219 thru 226 each have a conference table included in the living room area. The conference table will be good for those who have a lot of glass to sell or display. These rooms have a king size bed. These rooms will be reserved on a first-come-first-served basis, so if you would like to have one of these suites please indicate that you would like one of the "Executive Suites" when making your reservation. All other suites contain a small table (game table). The rooms will be on the second, third, fourth, fifth, sixth, and seventh floors (there are no rooms on the first floor). Non-smoking rooms are available on all of the floors, except the third and eighth floors. These floors are all smoking rooms. The Embassy Suites say they make every effort to clean the rooms to remove the effects of smoking.

EACH SUITE HAS A WINDOW FOR DISPLAYING YOUR GLASS.

DISPLAY TABLES: Table rental charge is \$10.00 per table for the duration of the convention. Only six (6) foot tables are available. They are the regular width. Please reserve your table at the time that you make your room reservations. When you check in at the front desk you can then request a table be sent to your room.

PRE-REGISTRATION: A registration form is included in this packet. You are encouraged to complete this form and return it with your check to the Secretary prior to the convention. It will eliminate a lot of work for him during the convention and it will help expedite the registration. THOSE MEMBERS WHO RETURN THEIR REGISTRATION FORM WILL HAVE THEIR NAME ENTERED INTO A DRAWING FOR A SPECIAL PIECE OF GLASS TO BE GIVEN AT THE CONVENTION BANQUET.

CONVENTION HIGHLIGHTS

JOHN & LUCILE BRITT AWARD FOR EXCELLENCE IN CARNIVAL GLASS: This years award honors Bob and Imogene Grissom and is also in memory of Rosa Grissom. Bob and Imogene are well known in the Carnival

Glass world and Rosa was instrumental in the earlier years of HOACGA. The Grissoms are members of many of the Carnival Glass organizations and have given presentations at HOACGA and other Carnival Glass clubs. Bob has been President of HOACGA from 1973 - 1975 and from 1985 to the present. The award will be presented at a luncheon on Thursday, April 23, 1998.

ROOM DISPLAYS: As always, you are encouraged to bring glass and set up a room display. Room displays should be viewable from your room window, so they can be judged and view easily. Everyone attending the convention will have a room with a window for displaying your glass. Room displays are always enjoyable to see, and one of the many educational parts of any convention. Please request any table(s) that you may need at the time you make your reservations. The table rental cost is \$10.00 per table for the duration of the convention.

A \$50.00 award will be given to the winner in each category, and a \$100.00 award will be given for the Room Display judged as the best overall. The best overall display will be judged on originality, creativity, and its overall appearance. Each display will receive a White Hobnail Cuspidor. Displays are to be entered in one of the six categories.

1. Same Maker
2. Same Color
3. Theme (Your Own)
4. Same Pattern
5. Same Shape
6. Rarities

RECOGNITION OF COLLECTORS: A special program is being initiated which will give recognition to some longtime collectors. This will be a video taped program where eight collectors will be recognized and asked to comment on their experiences as a collector. These tapes will give present and future collectors an opportunity to see and hear from these collectors.

EDUCATIONAL PROGRAM: Two Educational Programs will be presented.

MANUFACTURING & OTHER DEFECTS: An educational program by Frank Fenton and Howard Seufer. They will discuss some of the more common glass defects, i.e. manufacturing defects, internal cracks and their cause, pigmentation, bubbles and other defects. If you have a piece of glass and would like some comments, please bring the glass for their review. Howard Seufer was the quality control manager for the Fenton Glass Company for 29 years. We all appreciate Frank Fenton's expertise and comments about glass.

AQUA OPALESCENCE: We will have an Aqua Opalescent display then a program for discussion of the glass. We are attempting to get all of the various pieces of Aqua Opalescent that are known for the display and

discussion. The glass will be on display both Wednesday and Thursday, with the program on Thursday.

AUCTION: The Seeck Auction Company will be conducting the auction on Friday. The Glass is from the collection of Joyce & Bobby Seale of Greenville, Texas. This collection will offer something for all collectors. The glass in this auction will be some of the better glass offered for sale during 1998. It will be one of those auctions that everyone will want to attend. The Seeck Auction Company will send the complete details of the auction at a later time.

BANQUET: This is HOACGA's 25th Convention Anniversary. Richard Cinclair will present a historical program of the past 25 years. The past bulletins have been reviewed and some of the historical information will be presented by Richard.

WEDNESDAY EVENING: Following the Educational Program, a special hospitality room will be available for your enjoyment. Pie and drinks will be served. This is an opportunity to sit back, relax, and visit with your carnival glass friends.

THURSDAY EVENING: Viewing of the glass to be auctioned on Friday, view room displays, visit rooms, and time for buying and / or selling.

Following the glass viewing, a hospitality time with cake and drinks will be provided for your enjoyment.

NO MIDNIGHT AUCTION IS PLANNED: Because of all of the effort required and very few pieces of glass being sold the midnight auction is not being scheduled. It requires several hours of an auctioneer's time also.

FRIDAY AUCTION: The auction will be presented by the Seeck Auction Company. The auction will start at 9:30 A.M. with pre-viewing at 7:00 A.M. A complete brochure of the glass will be sent the Seeck Auction Company.

FRIDAY EVENING: This time is for relaxing, dining with friends, and enjoying a review of the past 25 years of happenings of HOACGA as presented by Richard Cinclair. You can always be assured that you will be entertained with Richard's talk.

SATURDAY MORNING: The complimentary breakfast will be available for those who are wanting to get on the road back home. This will give us an opportunity to say our good-bye's.

1998 HOACGA CONVENTION AUCTION

The Convention auction will be held on Friday April 24. The Joyce Seale collection will be auctioned by Seeck Auction Company. Joyce has been an avid collector for about 25 years and has been very selective with the pieces that she has purchased. This will be one of the best carnival glass auctions that most of us have had an opportunity to attend. The collection contains pieces that any collector would want for their collection. Some of the pieces that will be in auction are as follows:

| | | |
|--------------------------|------------------|-----------------|
| Imperial Grape | Punch Set, 9Pcs | Purple |
| Embroidered Mums | Bowl, ruffled | Ice Blue |
| Peacock at Urn (Fenton) | Bowl, ruffled | Red |
| Rose Show | Plate, 9" | Lime Green Opal |
| Rose Show | Plate, 9" | Emerald Green |
| Hearts & Flowers | Bowl, PCE | Blue |
| Rose Columns (M'Burg) | Vase | Green |
| Peacock at Fountain | Compote | Aqua Opal |
| Vintage | Bowl, 3-in-1 | Red |
| Lotus & Grape | Plate, 9" | Amethyst |
| Fashion | Rosebowl | Amethyst |
| Persian Garden | Chop Plate | Lavender |
| Poppy Show | Plate, 9" | Green |
| Poppy Show | Plate, 9" | Ice Blue |
| Wide Panel (Colonial) | Epergne | White |
| Oriental Poppy | Water Set,(5pcs) | Ice Blue |
| Formal | Hatpin Holder | Purple |
| Grape & Cable (Stippled) | Plate, 9" | Sapphire |
| Hobstar & Feather | Rosebowl, Giant | Green |
| Persian Medallian | Bowl, 9" ruffled | Red |
| Hearts & Flowers | Plate, 9" | Lime Green |
| Garden Path, Variant | Chop Plate | Purple |
| Farmyard | Bowl, ruffled | Purple |
| Grape & Cable | Sweetmeat | Marigold |
| Three Fruits (Stippled) | Plate, 9" | Aqua Opal |
| Thistle | Plate, 9" | Green |
| S-Repeat | Punch Set, 7pcs | Purple |

The auction will consist of about 390 pieces of very good quality carnival glass. The Seeck Auction Co. will be sending the complete sale list later in March.

CORRESPONDENCE

Dear HOACGA,

Please find enclosed a check to use for a years dues for my brother, another new Carnival devotee. Tom and I enjoy each monthly bulletin and know my brother will too. The latest article on Fine Cut & Roses was the best yet.

Want to wish all a very Happy Healthy New Year.

Regards
Sandy Bagot

Dear HOACGA,

Enclosed is our renewal fee. It is hard to believe that a year has gone by. We have met so many new and very nice people. We went to our first carnival glass auction - and we were in awe. Our collection seems like nothing compared to others, but we are working on that. We want to thank everyone for their help on how to clean our glass. All tips were very helpful. We hope to make it to a convention soon.

David & Toni Morrow
Ft. Madison, IA
