Married 42 years May 27th

Mr. & Mrs. Daniel E. Replogle  
R.R. #6 Box 59, Bedford, PA 15522  
Married 53 years May 5th

Mr. & Mrs. Alan Pickup  
531 Holiday Ave., Hazelwood, MO 63402  
Married 44 years May 1st

Mr & Mrs Arnold Snell  
6999 E. Fremont Ave. Englewood, CO 80112  
Married 43 years May 28th

A card or note recognizing this event would surely be appreciated. Each monthly bulletin will contain the names of those members who are currently celebrating their 40th or more wedding anniversary.

If you have not notified the Bulletin Secretary, Jackie Fortney, of your anniversary, please send the information. Your anniversary will be recognized in the appropriate monthly bulletin.

## 1998 HOACGA SOUVENIR - LOVING CUP

**HALF ARE SOLD  
ORDER SOON**

	<u>Shipping</u>
USA	3.00
Canada	5.00
England	5.00 surf., 10.00 air
Australia	5.00 surf., 14.00 air

The 1998 HOACGA souvenir will be the "Orange Tree" Loving Cup in White carnival. This is one of the more famous Fenton patterns. The Loving Cup was originally made in Amethyst, Blue, Green, Marigold, White, a Peach Opal, a Smokey Blue, and an Aqua Opalescent.

A limited edition of only 225 of the Loving Cups will be made. They will be marked on the bottom as commemorating the club's "25th Anniversary". We wanted to have the Loving Cup made in a silver (smoke) color in keeping with the club's anniversary, but the closest we could get to that was the beautiful white carnival. We think this will be very fitting for the club's 25th convention anniversary.

The cost of the souvenir will be \$40.00 plus \$3.00 for U.S.A. shipping. For those attending the convention, the souvenir will be available for purchase there. We believe that you will enjoy owning one of these souvenirs.

SEND ORDERS TO: Ed Kramer, Secretary, 4305 W. 78th Street, Prairie Village, KS 66208. Make checks payable to HOACGA

## IMPERIAL'S THREE IN ONE PATTERN #1

By Alan & Lorraine Pickup

This unappreciated bowl sat in a local antique mall several months before we finally, but reluctantly, decided to give it a better home. The truth is we couldn't find any rare, one of a kind, only a few known, or any other exotic examples of carnival glass that day. Are we sorry? Not at all.

Something that has always mystified us is why people who sell old glass apparently feel that washing it is somehow detrimental. This bowl was long overdue for a good cleaning. The result was that underneath many years of neglect was a beautiful example of Imperial's sparkling smoke glass.

The iridescence is as good as it gets and was applied to both the inner and outer surfaces. This is the larger sized bowl, 7" to 9" depending on where it is measured, and is pulled out to six ruffles. The marie is almost 4" across and has a 30 point intaglio star. Made with a three part mould, this was Imperial's mould No. 1.

Large and small bowls are found in marigold, clambroth, helios, smoke and an occasional purple; ruffled as well as ice-cream shaped. The colors are listed in the

order of the relative scarcity. This pattern is also found in a small seven inch marigold plate. One sold recently in a Tom Burns auction in Springfield, Ohio for only \$35. Also known in a rare but again, apparently unappreciated, marigold rosebowl made from an 8" bowl. (\$75 to \$200 price range??)

Rosebowl made in purple and smoke remain a real possibility. Only in the last couple of years rosebowls like Imperial's Diamond Ring have begun to surface in colors other than marigold. Several years ago we found a nice pastel marigold in Oklahoma that we sold at a HOACGA convention. And know that two Diamond Ring rosebowls in smoke were sold at auctions in the last couple of years, although not listed in the Mordini auction results. We continue to read of recent finds of previously unheard-of carnival glass. So it may be just a matter of time before some collector will discover a beautiful Three in One rose bowl in smoke or an eye-catching purple. But in the meantime, we would be pleased to find a nice marigold example.

## TRIVIAL PURSUIT OF CARNIVAL GLASS

By Virgil Lemos

Q1: How many clusters of grapes are on the Millersburg Vintage pattern?

A: \_\_\_\_\_

Q2: Other than the circle (round shape), what two other rare geometric figures are found in Carnival Glass?

A: \_\_\_\_\_, \_\_\_\_\_

Q3: By definition, this pattern is: "the emblem of a former French Royal family." What am I?

A: \_\_\_\_\_

Q4: Name 6 ruffle variations found on Carnival Glass bowls.

A: \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_,  
\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

Q5: Name three table sets using the grape design as part of the pattern.

A: \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

A1: Zero.

A2: 4.

A3: Imperial, Northwood.

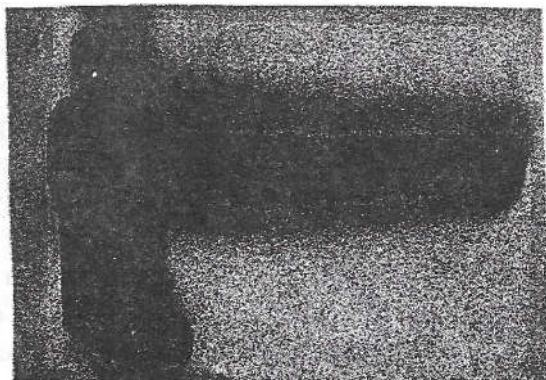

A4: 4.

A5: Electric.

## TOMAHAWK

By Jerry & Carol Curtis

We just recently purchased this little novelty item and feel very fortunate that we were able to get it. It is called "Tomahawk" by most writers and is known in carnival glass in marigold and cobalt blue. This one is in the rare cobalt blue. There is one of those items that you find bits and pieces by various authors, so we will try to put those bits and pieces into perspective for you. First, in Bill Edwards 5th Edition, he attributes this item to the Cambridge Glass Company. In John & Lucile Britt's Educational series number three, the Tomahawk is listed as a Millersburg product. In Bill Edward's 6th edition, he makes reference to the close working relationship between the Millersburg and Cambridge Glass Companies, indicating that Millersburg may have done the actual iridizing of some of the Cambridge glass. It is interesting to note here that through survey results of the HOACGA membership, five or less of these was found in cobalt blue. Regardless of the manufacturer, this is certainly an extremely rare item and a search of Mordini's price guide bears that out, as only (2) marigold and no blue ones have been reported sold at auction in the past ten years. Perhaps of all the information and illustrations presented on this piece, Marion Hartung in her article found in Book #6 give the most detailed information. The bold relief of an Indian Chief is found on one side of the blade only, accompanied with a "V" shaped beading on the wider portion of the blade, and what appears to be a leaf, berry, and vining design down the upper

half of the handle. The beading and vine design is replicated on the reverse side of the hatchet. The length is 7¼" and the blade is 4 3/8" long by 2" wide. Rose Presznick in her Book #4 adds a little more information. She refers to the piece as "Big Chief Tomahawk" and implies the Indian might possibly have been in honor of Chief Lodi for whom the city of Lodi, Ohio was named. Her illustration was copied from a marigold piece, while Ms. Hartung's pattern was patterned from a blue example. Ms. Presznick stated that she also had a non-iridized blue milk glass one exactly like her sketched example. Both authors felt storeowners gave these items away or they were sold at souvenir stands, possibly even at a World's Fair. A friend of mine, Tony Dellavecchia of Dallas, Texas has several examples of the non-iridized variety, one he described as cobalt blue with a white swirl effect. He has done quite a bit of research on these Tomahawks and provided the following information. The mould originally belonged to the National Glass Conglomerate, (US Glass?), located in Cambridge, Ohio, (perhaps Cambridge Glass?). When John Degenhart began glass production in Cambridge, Ohio in 1947, he obtained the original mould. He produced these Tomahawks from the opening until 1978 in various colors, although none in marigold or cobalt blue and I would suspect mostly in non-iridized glass. He did, however, place his mark, a "D" inside a heart, on the Tomahawks reissued from the original moulds. Occasionally, Degenhart Tomahawks may be found without the "ball" knob opposite the cutting edge. Later production featured "mini-tomahawks". Boyd's Crystal Art Glass, of Cambridge, Ohio, also produced Hatchets and Tomahawks, producing them in almost 300 different colors. Some of these also featured an Indian Head. Perhaps one of the more interesting articles written about these Tomahawks is found in Sherman Hand's book on carnival glass published in 1978. He recalled seeing these Tomahawks, mostly in clear glass, in ten pound wooden buckets of "Christmas hard-candy". He said the storekeeper would open the buckets to sell a penny or nickel's worth at a time, and some lucky kid who happened to be around would be given the Tomahawk. Perhaps that explains why there are so few examples of these found today. They never survived the great Indian Massacre's played out by those youngsters around the turn of the century. I can recall my own experiences of playing "Cowboys and Indians" and our toy guns, much harder than these glass Tomahawks, didn't survive very many attacks. We found it very interesting that while Hatchets and Tomahawks were advertised in the early Butler Brothers Catalogs, in crystal and ruby-flashed finish, no Tomahawks of this particular pattern were advertised. This leads us to believe that this particular Tomahawk was a special production item for a single company, perhaps as Sherman Hand indicated, a premium item included with a candy company's product. In any case, you are indeed fortunate if you can count one of these rarities in your collection.

## WHAT WAS THE ORIGINAL PRICE OF A PIECE OF CARNIVAL GLASS

By Sam McGill

We carnival glass collectors often hear the phrase "carnival glass was so cheap when it was made that they practically gave it away". Was that really so? I have always questioned this theory, so I decided to do a little research to find the truth. We cannot judge the cost of a piece in 1997 by using 1912 prices... we must compare hourly wages also.

The only major glass company to survive in the business from before the carnival glass era to present time is Fenton Art Glass Company. If we go to a gift shop today, we find the following iridized Fenton pieces and their prices and how much time various workers must work to purchase the pieces.

The following lists the present day individual iridized pieces on the left side "A". Under "B" are their prices. "C" through "G" give the hourly rate of each occupation and the approximate number of hours labor they would have to work to earn money enough to buy each particular piece.

A	B	C	D	E	F	G
	Retail price	Machine Operators	Payroll Clerk	Paving Equip. Operator	Semi Skilled Worker	Union Bldg. Trades Operators
		14.60/hr	12.40/hr	15.30/hr	9.30/hr	20.00/hr
Fenton Fine Rib Basket	69.50	4 hrs & 45 mins	5 hrs & 36 mins	4 hrs & 30 mins	7 hrs & 28 mins	3 hrs & 28 mins
7" Corinth type vase	59.50	4 hrs & 4 mins	4 hrs & 48 mins	3 hrs & 53 mins	6 hrs & 23 mins	2 hrs & 58 mins
8" Daffodil vase	45.00	3 hrs & 5 mins	3 hrs & 36 mins	2 hrs & 54 mins	4 hrs & 48 mins	2 hrs & 15 mins
Lily of the Valley rose bowl	23.50	1 hrs & 36 mins	1 hrs & 51 mins	1 hrs & 30 mins	2 hrs & 30 mins	1 hrs & 10 mins
Lily of the Valley oval basket	35.00	2 hrs & 24 mins	2 hrs & 48 mins	2 hrs & 17 mins	3 hrs & 46 mins	1 hrs & 45 mins
8" ribbed Ewer	85.00	5 hrs & 48 mins	6 hrs & 51 mins	3 hrs & 47 mins	9 hrs & 6 mins	4 hrs & 15 mins
Small inverted Strawberry basket	35.00	2 hrs & 24 mins	2 hrs & 48 mins	2 hrs & 17 mins	3 hrs & 46 mins	1 hrs & 45 mins

The following chart is similar to the first chart, but this one lists original pieces from approximately 1912 and the hours labor required to buy each piece:

A	B	C	D	E	F	G
	Retail price	Average Mfg. worker	Payroll Clerk	Mail man	Semi Skilled labor	Union Bldg. Tradesman
		.28/hr	.20/hr	.44/hr	.22/hr	.55/hr
Dugan 4 pc. wreathed cherry table set	1.19	4 hrs & 15 mins	6 hrs	2 hrs & 42 mins	5 hrs & 24 mins	2 hrs & 9 mins
Dugan 7 pc. wreathed cherry water set	1.19	4 hrs & 15 mins	6 hrs	2 hrs & 42 mins	5 hrs & 24 mins	2 hrs & 9 mins
Wishbone & Spades 7 pc. cake set	.89	3 hrs & 12 mins	4 hrs & 24 mins	2 hrs	4 hrs	1 hrs & 36 mins
11½" Target, Spiralex or Pulled Loop vases	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
6 Stork & Rushes tumblers	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
Maple Leaf 7 pc. water set	.98	3 hrs & 30 mins	5 hrs	2 hrs & 13 mins	4 hrs & 27 mins	1 hrs & 48 mins
12" Diamond & Rib vase	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
Wreath of Roses compote	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
Thistle bowl	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
Flute epergne	2.50	8 hrs & 56 mins	12 hrs 30 mins	5 hrs & 42 mins	11 hrs & 24 mins	4 hrs & 33 mins

## ALBERTA WHITE

A	B	C	D	E	F	G
	Retail price	Average Mfg. worker	Payroll Clerk	Mail man	Semi Skilled labor	Union Bldg. Tradesman
		.28/hr	.20/hr	.44/hr	.22/hr	.55/hr
Mid size funeral vase	.35	1 hrs & 15 mins	1 hr & 45 mins	44 mins	1 hrs & 30 mins	36 mins
Leaf & Beads rose bowl	.15	approx 30 mins	45 mins	20 mins	41 mins	14 mins
G&C master punch bowl 14 pc.	8.50	34 hrs	42 hrs & 30 mins	19 hrs & 18 mins	26 hrs 30 mins	15 hrs & 22 mins

What conclusion can we draw from this? Carnival glass as originally made was inexpensive enough for the average working man or woman to buy, but it required approximately the same number of hours' wages to buy as today's Fenton pieces at the local gift shop. It was never dirt cheap. It was certainly cheaper than art glass of that era... it was sometimes called poor man's art glass... but it was within the budget of the average working man. So our carnival glass was always affordable, but never cheap!

*Alberta White of Candler, North Carolina, has shared her interesting carnival glass story with us. We think that you will enjoy reading it!*

At the age of around six or seven (1942), my aunt that I had lived with off and on showed me six carnival glass tumblers. These tumblers were wrapped in paper and kept in a basket in a building that was used to store feed for the cows and chickens. I was told that the tumblers had belonged to my grandmother and would be mine when I grew up.

Down through the years we would take these six tumblers out from time to time. My aunt always wondered what had happened to the pitcher, but we never found out. I was told that the glass was no longer made and would be valuable some day.

The tumblers became mine when I married in 1954, and soon I found out that they were Acorn Burr by Northwood and were purple in color.

Down through the years I would search for the pitcher and in the process would buy a piece now and then. I later was co-owner of a Real Estate and Construction firm that purchased old homes, and on occasion, I would find a nice piece. Then, one day while listing a home for sale I was told about a lady with carnival glass for sale. Her father, Don Moore in Asheville, North Carolina, had died and she had one half of his collection and her brother the other half. I bought \$500 of carnival glass from her and just selected pieces at random... not even knowing the value and she didn't either. However, among those 15 pieces that I purchased was a green Millersburg Peacock at the Fountain ice cream shaped bowl. Need I say more? I have wondered if this Don Moore could be the same one that I see mentioned in so many carnival books. Could someone let me know?

This past year I learned of HOACGA and joined. A few months later I purchased an Acorn Burr pitcher from Richard Cinclair. What a thrill when it arrived; the tears flowed. I am now 63 years old.

What a wonderful hobby!

Alberta White,  
152 Dogwood Rd, Candler, NC 28715

## WESTERN THISTLE WATER SET

By Cliff Ball

This water set made by Riihimaki of Finland is extremely rare and seldom seen. You will not find it pictured among the 120 other water sets in the HOACGA Pattern Notebook... nor, is the pattern found in any of Marion Hartung's ten books on carnival glass. The tumblers, but not the pitcher, are discussed on page 174 of HOACGA's Educational Series Book II, published in 1992.

The Western Thistle is a very pretty, deep intaglio pattern with rows of diamonds below a band of thistle flowers and leaves. It is easy to distinguish this pattern from Wide Panel Thistle, also made in Finland, or the Inverted Thistle produced by Cambridge.

In the last three years only one Western Thistle pitcher and four tumblers have been sold at auction. All of these pieces were blue in color. When the pitcher was offered at the Air Capital Convention Auction in October of 1996, the sale bill indicated that it was one of three known at that time.

The Western Thistle pattern was first reported in the United States back in 1977 when Charles Adams of California found six marigold tumblers and sold them to six prominent tumbler collectors. These collectors decided to call the pattern Western Thistle.

Whimsey vases made from marigold tumblers have been seen, and one sold at auction in September of 1995 for \$265.

No where in our carnival literature is there any mention of a marigold Western Thistle pitcher. With marigold tumblers in existence, a pitcher of this color could be out there waiting to be discovered by some very fortunate collector. Perhaps, some time, some place you will be the one to find it.

## WESTMORELAND'S CHECKERBOARD WATER SET

By Jerry & Carol Curtis; Photo by Dave Doty

We wanted to do an article on this fabulous water set while it is still in our possession, for it will soon be going on the auction block. It is an amethyst Checkerboard water set attributed to the Westmoreland Glass Company. In researching this pattern, we found it was first offered in crystal and gold inlay in the Butler Brother's catalog in February 1911. It was called "Gold Ribbon", probably due to the gold inlay within the lattice work and burnished gold edging. Strangely, we found this was the only issue in which the tumblers were offered. Subsequent offerings in 1912 through 1924 offered an assortment of shapes (in crystal only), and this pattern was then called "Brilliant Beauty". None of these advertisements offered tumblers, nor was the gold inlay still available. Bill Edwards stated in his latest edition that there were only 3 amethyst pitchers known at that printing, so this would be the fourth. He further lists the tumblers as rare also, although they are much more plentiful than the pitchers. None of the Butler Brothers offerings indicated these water sets or breakfast sets were available in iridescent ware. One other strange footnote regarding this pattern, there are only two or three marigold tumblers known in the Checkerboard pattern and "zero" marigold pitchers that have been reported to date.

We would have to consider this a very rare water set, made even more so with a full complement of 6 tumblers. Some lucky individual out there is destined to discover the first pitcher in marigold! That would have to be considered an extremely rare find. Happy Hunting!

## ON THE AUCTION TRAIL WITH CHUCK

By Chuck Kremer

**March 27-28, 1998:** Burns Auction at Hudson, Ohio. A snappy, well-conducted sale — so fast that we had time to take in much of the Bluegrass Festival going on at the same Holiday Inn if we so desired.

There was a wide variety of glass with a bit more damage than I like to see. Prices were average to good in my opinion. Generally, the prices reflected the quality of the glass, but as usual, there were some bargains. Some price examples were the smoke 8" Heavy Grape plate (\$350), amethyst Millersburg Holly Sprig compote with tight crimped edge (\$1,300), amethyst Heavy Iris tankard pitcher (\$2,600), marigold 8" European Rose Garden vase (\$900), purple Shell and Sand 9½" plate (\$800), emerald green 9" Three Fruits plate with plain back (\$975), powder blue opal ruffled Peacocks bowl (\$9,000), and purple 6" Four Flowers plate at \$375.

**April 18, 1998:** J/J Auction and Appraisal Service had a combined Custard and Carnival glass auction at Columbus, Ohio. The "J" that I recognized was Joe Johannets from New York State. The sale was well advertised and drew a good crowd. I talked to a couple from central Missouri that saw the ad and came for the custard and left with a nice sized box of it.

Just when I finally got used to the filler words "up and going now", a new to me auction team comes along and the cry was "here we go again" or "Let's go again". The sale was well conducted by Randy Clark — an Ohio auctioneer I was told. The sale was a bit long — I left after six hours and there was at least an hour and a half to go yet. The coffee and sandwiches were a welcome relief.

The glass covered a wide range with no extreme high end pieces. Worth mention were the 9" amethyst Dragon and Strawberry IC shaped bowl (\$2,600), the nice purple Town Pump (\$1,000), and the unusual horehound Grape & Cable cracker jar at \$475. There was considerable damage in the glass, which somewhat affected the continuity of the sale. The auction team did make every effort to inform the buyers. The surprise to me was the good prices paid on the lower end pieces — damaged or not. If there was an area where the advertising paid off, this was it.

**April 22-24, 1998:** HOACGA Convention, Kansas City, Missouri. This convention has a reputation as a first class event and this year's once in a blue moon auction made for a real carnival glass extravaganza. What an auction! An abundance of rare pieces with color and iridescence to match — unbelievable. Over the years, I had seen Joyce and Bobby Seale purchase many super examples of carnival glass, but until I saw it all spread out before my eyes, I didn't realize just how extensive a collection they had acquired.

I came to look and dream and from the size of the crowd, I wasn't alone. It took Jim Seeck just over six hours to pull mega bucks from our pockets. Yes, there was a constant stream of record or near record prices, but every once in a while someone grabbed a bargain.

There were many attending this convention for the first time and from comments I heard, they were impressed with the program highlighted by this auction. Don't despair, there is another super-super auction scheduled for next year at this same time and location. Make your plans now, you have another chance. HOACGA will try it's best to live up to the standard this one set!

---

### CORRESPONDENCE

Dear HOACGA,

I have what could be one of a kind. It's the marigold Stork Cattail vase electric lamp. The metal base has the same flower design that is around the bottom of the vase, which makes it unique and original.

I also have another common vase - the marigold Tree Bark vase. It also could be a one of a kind. It sits in a decoratively designed wicker, which had to have been woven around the vase.

If anyone has either one of these items or is interested in either, I would appreciate hearing.

Norma Wagner  
119 21st Street, Spirit Lake, IA 51360

## 1998 CONVENTION FINAL REPORT

By Bob Grissom

The 1998 HOACGA convention started on Monday, April 20 when a few members started arriving. By the evening, there were several rooms with glass on display or for sale. It ended on Saturday morning when every one started gathering for the buffet breakfast about 6:00 A.M. From the first arrivals to the last ones to leave, everyone seemed to be enjoying themselves. There were at least 190 hotel rooms occupied by Carnival Glass people, and some others had to stay in the Homewood Suites next door. The Embassy Suites with all of its openness and the two room suites adds a lot of comfort and an atmosphere of friendliness. There were some inconveniences because of the construction in the motel lobby, but it did not interfere with any of the planned activities. The motel personnel did an outstanding job of attending to all of our functions and any requests that we had.

Room Displays - Jerry & Carol Curtis organized judging, awards and the volunteers for the room displays. There were 82 room displays to be judged. The ones judged as the best were announced at the Friday evening banquet. The judges results were:

Best Overall - Gail Eichorst (Mankato, MN) - "Epergnes by Northwood"  
Theme - Will & Judy Schutz (Bristow, NE) - "Our Flower Garden of Glass"  
Maker - Emmett & Dorothy Morgan (Brenham, TX) - "Dugan's Delight"  
Color - Carl & Ferne Schroeder (Kendall, WI) - "Through The Years" (White)  
Pattern - Elaine Benedict (Forth Worth, TX) -

"Guarding The Patch" (Dugan & Strawberry)

Rarity - Keith & Nola Schmoker (Wichita, KS) - Rose & Greek Key (plate)  
Shape - Alan Perry (Houston, TX) - "Palette of Colored Buttons" (Buttons)

Thanks to Jerry & Carol Curtis for making all of the necessary preparations and organizing the judging and distributing the room display awards to all of those with displays.

A big "THANK YOU" to all of those who had a room display. It is beneficial to all of those who attended. Each person with a room display received a white Hobnail Spittoon to add to their room display awards.

RECOGNITION OF COLLECTORS - Wednesday afternoon, we were privileged to hear eight of our members/collectors express their views and thoughts about some of the changes they have experienced and what they see for the future of carnival glass. It was a most interesting program. We wish to thank those who participated. They were: Carl & Ferne Schroeder, George & Mavis Loescher,

Floyd & Cecil Whitley, Bob Gallo, Marie McGee, Harold Cox, Lucile Britt, and Frank Fenton. Frank told of attending the Rose Presznick carnival auction. This was his first auction and he purchased \$30,000 worth of Fenton Carnival. This was for glass to be placed in the Fenton Museum.

EDUCATIONAL PROGRAM - Frank Fenton and Howard Seuffer presented an educational program on "Causes of Imperfections & damage to Glass". The program was presented very well, and everyone found it not only educational but also entertaining. They presented a viewpoint of two people that have been directly involved in the production of glass for many years, and have analyzed causes of glass imperfections during production.

AQUA OPAL DISPLAY AND PROGRAM - The Aqua Opal glass, which was brought by several different members, was on display from 5:00 P.M. Wednesday until 9:00 P.M. Thursday. Jim Seeck reviewed each of the pieces on display. Many of the pieces were one of a kind. It was a rather impressive display. We want to again thank all of those who were so thoughtful to bring their glass for the display. Many of these pieces were brought many miles at some risk so they could be shared with those at the convention. Again, thanks to Jim Seeck for his help with getting the glass here. Dave Doty photographed the various pieces. The photographs will be used at a later time to make a section for the HOACGA Notebook. Those members that furnished glass for the program were:

George & Mavis Loescher  
Don & Becky Hamlett  
Bob & Betty Stremming  
Dale Matheny  
Bob & Imogene Grissom  
Charles & Eleanor Mochel  
Tom & Sharon Mordini  
Floyd & Cecil Whitley  
Jack & Eleanor Hamilton  
Bernard & Nancy May

Jim & Jan Seeck  
Rudy Kovacs  
Paul & Dee Bekemeier  
Tommy & Jeannie Whitley  
John & Carolyn Mikkonen  
Richard & Merri Houghton  
Eugene Cox  
Richard & Phyllis Betker  
Connie O'Connor

JOYCE SEALE AUCTION - The 390 pieces of carnival from the Joyce Seale collection was assembled for viewing on Thursday evening and it drew a large crowd. The auction started Friday morning with an audience of approximately 500 people. When the auction started, 226 bidding numbers had been given out. A complete listing of the auction prices will be presented in a later bulletin. Many collectors said that this was the largest and best auction that they had ever attended. The glass in the auction would have to be considered as one of the top collections ever presented for auction. Overall, the prices were very good. Thank you, Joyce, for allowing your collection to be offered at the HOACGA convention.

**ORIGINAL & EARLY HOACGA MEMBERS** - In celebration of HOACGA's 25th convention anniversary, the original members along with some of the early members were invited as special guests. The special guests present were Dorothy Taylor the first Bulletin Secretary 1972 to 1975, Viola Shikles wife of the first president, Mary Francis Derindinger, Treasurer 1972 thru 1973, Charles & Eleanor Mochel, Cooley Miller, President 1976 thru 1980, Dr. L.B. & Florence Cunningham, Lucile Britt, Secretary, 1977 thru 1981, Dee Ann Yancey, Secretary 1975 thru 1976, Virgil & Cora Kilgore, Cora was Treasurer 1976 thru 1977, Sarah Love, President, 1975, Jean Lineback (Raddatz), Bernard & Nadine Paulsen.

**BANQUET PROGRAM** - Richard Cinclair was the banquet speaker. Richard presented a talk and a video slide presentation of HOACGA's past 25 year history. Richard prepared an outstanding program of the highlights of HOACGA's past twenty five years. A book had been prepared of excerpts from the past monthly bulletins. Each family attending the convention was given one of the history books.

**THANK YOU** - Again we, the officers of HOACGA, want to thank all of those members that helped with all of the activities. Without all of the help the convention would not have been as pleasant for all of those in attendance.

**ANNUAL MEETING** - The annual meeting was held on Thursday, April 29. The officers of the Vice-President and Bulletin Secretary were due to be elected this year. Daryl Strohm, the club's vice president for the past six years did not choose to rerun for the office. Gene Cox was elected to the office. Jackie Fortney was reelected as Bulletin Secretary.

The past treasurer's (Doug Peters) probation and restitution payments were discussed and reviewed. Doug's total restitution payment is \$14,400.00. To date (after 40 months), he has paid \$7,450.00. He has 20 months to go on his probation and \$6,950.00 to be paid. We have a letter from the State Probation Officer assuring us that the total amount of the restitution will be paid.

The subject of some members not honoring the return privilege when selling glass through the bulletin was discussed. Several members made suggestions as to how to correct this situation. The Board will be reviewing the recommendations and establishing a club policy.

We want to thank Daryl Strohm for the time that he has spent as the club's vice-president, and for all of the effort that he has put forth in helping to improve and maintain the organization.

A view of the Aqua Opal display assembled from HOACGA members all over the the USA. Thanks to all who made this a unique happening in Carnival Glass history.

Daryl Strohm VP, Lucile Britt, Bob and Imogene Grissom. Presentation of the 1998 John and Lucile Britt Award for Excellence in Carnival Glass.

April 22, 1998

To: Our HOACGA Members  
From: Cliff Ball, Association Treasurer  
Subject: The Annual Financial Report

HOACGA's financial condition continues to be sound. At the close of our fiscal year on February 28, 1998, our cash assets totaled \$ 27,771.86. This amount is up \$ 4,700 from the beginning of the year.

Your Board of Directors continually...and carefully... monitors all of the clubs income and expenses...for we are dedicated to keeping your dues at their current level for as long as possible.

By working with the printer we have been able to keep the monthly Newsletter costs at basically the same level as last year. This has been significant...for the publication and distribution of the newsletter and roster book account for over half of all of our expenses.

In the following summaries you will see a breakdown of the sources of our annual income along with a listing of our expenses. (A more detailed summary of the expenses is available upon request).

The Association could not successfully operate, as it is now doing, were it not for the hundreds of voluntary hours being contributed by your Board members, their spouses and some other very special club members. I would like to personally express my heartfelt thanks to all of these wonderful people.

If you have any comments or suggestions, my address is always printed on the inside of the cover of the monthly newsletter.

  
Cliff Ball  
HOACGA TREASURER.

**H.O.A.C.G.A.**  
**CLUB NEWS & GENERAL INFORMATION**

The Newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next months bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to H.O.A.C.G.A. and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

## H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- \* Members provide Room Displays with glass from their collection.
- \* Members are encouraged to bring glass for Sale.
- \* Educational Seminars are provided by members.
- \* A Major Carnival Glass Auction is provided.
- \* The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- \* A banquet is held with a Carnival Collector as our Speaker.
- \* A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

\* **Membership Dues** - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the

publication of the monthly bulletin, typing, printing and mailing.

\* **Educational Series - Book I** - 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.

\* **Educational Series - Book II** - 180 articles with pictures (black and white) of Carnival Glass Tumblers

\* **Educational Series - Book III** - 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, and Table Sets. Also included is a listing of 500 rarities.

\* **Hartung Carnival Glass Pattern Books** - A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.

\* **Pattern Notebook** - A notebook containing sections on Mugs, Table Sets, Rosebowls, Water sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a **COLOR** picture along with information about the Maker and colors of each different pattern.

\* **Souvenirs** - Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small Good Luck plate in ruby red, the Green Opalescent - Fenton, Cobalt - Millersburg, Marigold - Imperial, and Teal - Dugan Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.

\* **Video Tapes** - Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

**SHIPPING AND HANDLING (S&H) INFORMATION**

The shipping charges to USA members are as indicated for each item. The shipping charges to members who reside outside the USA will be the actual cost. Upon receipt of item(s), the member will be expected to reimburse the club for the actual cost of shipping, as indicated by the postage on the package. At the time of placing your order, please indicate your shipping preference (air or surface). Unless otherwise specified, items will be shipped by surface mail.

## 1998 CONVENTION HIGHLIGHTS

By Ed Kramer

HOACGA's 25th Anniversary was celebrated the week of April 20th at the Embassy Suites near KCI airport. Just as they did last year, the hotel did a superb job of supporting all our convention activities. A redecorating project is just being finished so there was a slight inconvenience due to the renovation of the entry to the hotel.

People began arriving in sizeable numbers on Tuesday, April 21. The weather I might add was really beautiful all week but very windy on Saturday (going home day). A registration from 2-5 P.M. Tuesday saw more activity than usual. In the evening, a Bingo game with prizes was hosted by the Grissoms and about 20 members left their setup activities to play.

Wednesday morning, the registration pace picked up and at 10 A.M., people started bringing their glass for the aqua opal display. This went on until 4:00 P.M. and our thanks go to Bob Grissom, Gale Eichorst, Daryl & Norma Strohm, Jackie Fortney and Joe and Shirley Williams for organizing a beautiful display and checking the glass in (and later out) in an orderly fashion. Of course our deep appreciation goes to those members who bring their glass to share.

Wednesday afternoon at 3 P.M., a recognition of collectors interview was presented and video taped. About 150 people heard Frank Fenton, Harold Cox, Bob Gallo, Marie McGee, Floyd & Cecil Whitley, George & Mavis Loescher, Carl & Fern Schroeder and Lucile Britt discuss the past, present, and future of carnival glass collecting. All agreed on the benefits of carnival glass clubs for sharing knowledge and friendship. Everyone in the audience enjoyed this presentation.

Viewing the Aqua Opal display began after the collector seminar. Later Wednesday evening at 7 P.M., Howard Suefer and Frank Fenton gave a presentation on "Causes of Imperfection & Damage to glass" About 200 people attended - a capacity crowd. Both speakers were informative as well as humorous, especially Howard Suefer when he cut off his tie illustrating shear marks in glass. They also discussed cracks, crizzles, lap marks, etc. All in all, it was a great presentation.

The Suefer/Fenton presentation was followed by pie and coffee in the atrium area. Sixteen gooseberry and many other pies were quickly consumed and everyone enjoyed visiting.

Thursday morning, Jim Seeck gave a standing-room only (250 people) presentation of the Aqua Opal display. About 75 pieces of Aqua Opal and Westmoreland Blue Opal were displayed and discussed. Someone estimated \$700,000 of glass in the room. Just a few highlights were the Mochel's 2 Tree Trunk mid size vases, John Mikkonen's Aqua Opal Holly plate (only one known), Floyd & Cecil Whitleys' Aqua Opal loving cup (only one known), George & Mavis Loescher's Grape & Cable cracker jar, and the Hamlets famous Grape & Cable punch bowl. Jim gave a wonderful presentation and we thank everyone who participated and especially those who flew or drove their glass long distances to share with us. THIS WAS A SIGNIFICANT EVEN IN CARNIVAL GLASS. I might mention a videotape was made and will be available later.

Thursday at noon, the Britt award luncheon was attended by 160 people. The award this year honors Bob & Imogene Grissom and is also in memory of Bob's first wife Rosa Grissom. Speakers Jerry Curtis, Richard Cinclair, and Floyd Whitley did a wonderful job of discussing the accomplishments of the honorees. Lucile Britt presented the award, a beautiful hand painted and inscribed Fenton cranberry vase. Also on the dais were Cliff Ball, our treasurer, who started the luncheon with a touching tribute to John Britt who died this January, and Daryl Strohm our vice president who assisted Lucile with the vase presentation. Bob's son Brian and his wife Jennifer and Bob's daughter Melissa and her husband Mike Alleman also attended.

Following the luncheon was the annual meeting attended by about 60 members. Cliff Ball presented a detailed financial report and satisfactory results of an audit by an accountant. We discussed possible future use of a computer and fax machine, other conventions, etc. At this time, Daryl Strohm announced that he would not be running again having served 3 consecutive terms. A nomination was made for Eugene Cox, an active member from Blue Mound, Kansas, for vice-president. It was seconded and a unanimous vote was taken for Gene as Vice-President, Cliff Ball as treasurer and Jackie Fortney as Bulletin Secretary. We thank Daryl and Norma Strohm for their years of dedicated service to HOACGA. They plan to remain active members and help with special projects.

Thursday afternoon, 82 room displays were judged and prizes awarded. This is discussed in a separate article of this bulletin.

Thursday evening, the auction glass — the collection of Bobby & Joyce Seale — was available for viewing. A large crowd attended. Each piece was spectacular. Later in the evening, anniversary cake and coffee was served in the atrium area.

Piano music was provided by Marty Silber (my brother-in-law from Chicago who is a professional musician there). He and my sister Linda flew in for the day to provide a special treat for our 25th Anniversary celebration. Everyone seemed to enjoy the evening.

At last the big day, Friday came. The auction room held 500 people. There were 226 bidding numbers for one of the biggest carnival glass auctions held. Many fortunate people took home some of the 390 pieces of beautiful carnival glass offered for sale.

The silent auction ended at 4 P.M. and raised \$1,300 for the club. We thank those who donated glass, books, etc. At 6:30 P.M., the banquet began. The room was at capacity of 300 and looked beautiful with long stemmed red roses on each table. The original 9 couples were our honored guests (those living, some have passed on) as well as early workers in the club. They were introduced by Bob Grissom and received thunderous applause. A toast was then made to present and future members of HOACGA by Bob and sparkling grape juice was served in a Fenton white Orange Tree wine glass with "HOACGA 25th Anniversary" in raised letters on the bottom. This was the banquet favor everyone received. The meal and service were excellent and were followed by a drawing for the preregistration prize won by Jack Callendar of Bexley, OH. Margaret Bryant and Susan Pietsch, members from New Zealand, were introduced. This was followed by a wonderful summary of HOACGA's first 25 years by Richard Cinclair complete with color slides of the early days which brought a few chuckles to the tables of early members.

The whimsey auction began with auction of a beautiful carnival glass lamp made and donated by Bob Lacock and Don Lacock which brought \$700 to the club. The whimsey auction total was \$4,400 for the club. All in all, it was an absolutely wonderful evening and a wonderful convention. Someone said as we were leaving that it will be hard to top this one next year.

### MAY 1998 HOACGA MONTHLY MEETING

The Annual Business Meeting was held Thursday, April 23, 1998 in Salon H of The Embassy Suites convention hotel near KCI Airport.

The next regular local meeting will be Sunday, May 24, 1998 at 2:00 P.M. at the PARK LANE MEDICAL CENTER at 5151 Raytown Road, Raytown, Missouri. Park West of the doctors building, which is on the south end of the hospital complex. We will discuss blue glass. Wish more of you would attend our monthly meetings.

Ed Kramer, Secretary HOACGA

## FROM MY CORNER

By Bob Grissom

As a result of a suggestion made by Richard Cinclair — "...some way, HOACGA should recognize the Britt's for the many contributions they have made to carnival glass" — HOACGA initiated the "John & Lucile Britt Award For Excellence In Carnival Glass" award. This award is to be given, in their honor, each year to recognize a member who has made their own significant contribution to help perpetuate and further the interest in carnival glass.

The initial "John & Lucile Britt Award For Excellence In Carnival Glass" awards ceremony, recognizing the Britt's, was in 1993. This award has been presented each year since, in order to recognize a member who has made a significant contribution to carnival glass.

Floyd & Cecil Whitley were the recipients of this award in 1994. The Whitleys were instrumental in organizing the Texas Carnival Glass Club. They have been featured speakers at many of the convention banquets. Cecil authored and published a book on painted carnival glass tumblers, which is still the only source of information on these tumblers.

Carl & Ferne Schroeder received the award in 1995. Carl served in many capacities as well as President of the ICGA. They have been the featured speakers at numerous convention banquets.

Chuck & Marge Kramer were honored with the award in 1996. Chuck and Marge were members of most of the carnival glass clubs throughout the United States. They were carnival glass's Good Will Ambassador. Where ever they went, they were promoting and encouraging collectors to become members of the various organizations.

Marie McGee was the recipient in 1997. Marie has been active in the various California clubs and she helped found the Fresno carnival glass club. Marie was the author of the "Millersburg Glass" book, which is by far the best reference source for Millersburg glass.

My wife, Imogene, and I, and in memory of my late wife, Rosa, were chosen to receive the award in 1998. Because of what it represents, it is indeed an honor to be given this award. I have always had a great admiration and respect for John & Lucile's dedication in furthering the interest in carnival glass. This award will always be cherished. It is unusual to receive such an award for doing something that you enjoy so much. We wish to thank HOACGA for considering us worthy of this award.

All collectors have been helped in many ways from the many bulletin articles, convention seminars, research and personal contacts that John & Lucile Britt have so unselfishly provided to further our knowledge of carnival glass. HOACGA is proud to recognize a collector each year for their contribution and at the same time honor the many contributions and the standard set forth by John & Lucile Britt.

## HOACGA - THE FIRST 25 YEARS

Many significant happenings occurred at the 1998 HOACGA Convention. One of them was the issuance of a 90 page booklet titled "HOACGA - The First 25 Years". Our president, Bob Grissom, excerpted significant items and events from 25 years of HOACGA bulletins.

There are many humorous incidents recorded as well as officers, souvenirs, significant finds in carnival glass and other very interesting highlights of our past quarter-century.

In addition, a tally was made of each years advertisements by month and their total value. (We have ads for over \$1,000,000.00 of glass in our most recent years.) Hours of work went into this project. Several members helped.

Each member attending the convention received one. There are more copies available and we will sell them at our cost of printing and postage - \$5.00 each. **ORDER A COPY NOW! HOACGA - THE FIRST 25 YEARS**  
Ed Kramer, 4305 W. 78th St., Prairie Village, KS 66208

---

## CORRESPONDENCE

Dear HOACGA,

I have a lovely iridized pink four footed toothpick holder with an iridized Indian head on the front marked Sara Toga under the head. The top comes up to 8 points, and the sides look like the Tree Trunk pattern. The back has 2 crossed tomahawks and the bottom is marked Pittsburgh, PA. 1903 & in the center appears a "B" inside of a triangle. Can anyone identify this pieces?

Mary Walsh  
50 Lancaster Street, Oakville, CT 06779

Dear HOACGA,

It's that time of year again and I don't mind writing this check. In fact, I think it's one of the best bargains my twenty five dollars will buy. The wife and I appreciate the good job your people are doing putting out the HOACGA bulletin every month. Keep it up!

Kermit Howard  
Elberfeld, IN 47613

Dear HOACGA,

Once again it is time to renew my subscription to HOACGA. I have received such a pleasure from the newsletters and learned so much from the publications. Thank you and all the others who provide these services which bring us such joy.

I am also renewing my mother's membership again.

Julianne Wagner  
Washington Grove, MD

**H.O.A.C.G.A. BULLETIN**  
**ADVERTISEMENT POLICY**

1. All advertisements of glass for SALE or WANTS must be received by the Bulletin Secretary no later than the LAST DAY OF THE MONTH to insure being published in the next bulletin.
2. Members may advertise ten (10) "For Sale" and/or "Wants" per month. The "For Sale" Glass must be members glass and not the property of a nonmember. Advertising is at no cost.
3. Only "OLD CARNIVAL GLASS" items or H.O.A.C.G.A. Souvenirs will be published.
4. Damage or flaws should be noted.
5. All "For Sale" items must be priced; **NO BID ITEMS WILL BE PUBLISHED.**
6. A 5 day return privilege, at buyer's expense, providing it is not as advertised, or as discussed.
7. Postage and Insurance is to be the responsibility of the buyer, both when returning and receiving the glass.
8. The sender of the glass (be it the seller or the buyer returning it) is responsible for the proper packaging of the glass.
9. When submitting FOR SALE and WANTED ads, please write legibly so that your ad can be read; spell out words as opposed to using abbreviations. Your ad will be formatted to fit as best as possible. Items will be limited to one line, unless you are advertising less than ten items.  
**\*\*IMPORTANT\*\*** - be sure to include your name, address & phone number **on the ad itself.**
10. H.O.A.C.G.A. does not accept responsibility for accuracy of any advertisement.
