## Membership Due Date:

Your Membership due date is located on the bulletin mailing label after your name on the first line. Such as:

Eleanor Mochel                      101

Eleanor's membership expires January 1st, 2001.

## 2001 HOACGA Souvenir

In 1977 the HOACGA Souvenir was the "Good Luck" hatpin holder, in "Flame Red", made by the Smith Glass Co. In 1980, it was the made in "Ice Green" made by the Fenton Glass Co. This year we have asked The Fenton Glass Co. to make the hatpin holder in Vaseline Opalescent. The date has been changed to indicate the year 2001. Not many pieces of Carnival Glass were made in Vaseline and even fewer were made in Vaseline Opalescent. It is a beautiful piece of Carnival Glass. It has a very nice pastel iridescence and the opalescence is very good. I believe any member will be glad to have one or more of this souvenir. Only 225 pieces were made.

The Room Display award, the "Hobnail" spittoon, and the Banquet Table Favor, "Orange Tree" Wine were both made in the same color.

When you purchase a Souvenir you get a nice piece of Carnival Glass plus you are helping to financially support the organization. A member can order as many of the hatpin holders as you want.

The price of the Souvenir is \$50.00 plus \$5.00 for shipping. Make checks payable to HOACGA.

# 2001 HOACGA Convention Report

By Bob Grissom

The 28th HOACGA Convention is now history. Each day, even starting on Sunday through Friday brought new arrivals. Again we had an opportunity to visit with friends we had not seen for some time and to make new ones. From the first arrivals to the last ones to leave on Sunday morning, everyone seemed to enjoy themselves. Even the weather co-operated, the traveling conditions were ideal. The Embassy Suites Hotel with its two-room suites adds a lot of comfort and convenience, and along with its openness gives the hotel a friendly atmosphere. The cooked to order breakfast and the Managers reception each evening seemed to be very popular meeting places. Two outstanding educational seminars were presented. Steven & Glen Thistlewood and Emmett and Dorothy Morgan presented outstanding seminars. We were fortunate to have Floyd and Cecil Whitley present a program at the Banquet. HOACGA was pleased to present the "John & Lucile Britt Award for Excellence in Carnival Glass" to Tom and Sharon Mordini at the Friday Luncheon.

## CONVENTION HIGHLIGHTS:

Wednesday evening - The early arrivals, had a chance to win a prize at Dirty Bingo. Ten games are played but only four prizes are available, so even though you win, the next person that Bingos can take your prize. Eventually the last ones to Bingo and still have the prizes are the winners. Steven Thistlewood added some fun to the game when he was calling the bingo numbers.

**ROOM DISPLAYS** - Thanks to Jerry and Carol Curtis for organizing the Room Display judging. Thanks also to those who volunteered and the ones who did the judging; it is a great help. The winners were announced and recognized at the Saturday evening banquet. The winners were:

BEST OVERALL . . . . .	Will & Judy Schutz
THEME . . . . .	Don & Lynda Grizzle
MAKER . . . . .	Dick & Jennie Hostetler
COLOR . . . . .	Pete and Paula Bingham
SHAPE . . . . .	Gale Eichorst
PATTERN . . . . .	Reg and Linda Dunham
RARITIES . . . . .	Stacy and Des Wills

A big "Thank You" to all of those who had a room display. Your effort makes a contribution to the convention. Everyone looks forward to the seeing all of the displays. It is very educational to all of those attending. I heard several members say how much they appreciate the Room Displays and how much nice glass was displayed this year. Each person with a Room Display received a Vaseline Opal "Hobnail Spittoon" to add to their other Room Display awards.

**EDUCATIONAL PROGRAMS:** If you do not attend the carnival glass conventions you are not taking advantage of the very informative programs that are presented. Again this year the programs were outstanding.

Steve and Glen Thistlewood presented a program "Stars In Your Eyes". They reviewed many patterns, U.S. and Non U.S., that contain a star in some part of their pattern. They covered many of these different patterns by a slide presentation and also displayed many of the actual pieces. Many of the pieces used in the display were from Ed Kramers "Curved Star" collection. Clint Arsenault added a little extra by supplying several pieces of South American Carnival Glass from his collection.

**DUGAN GLASS:** Emmett and Dorothy Morgan did an outstanding job of organizing and presenting the Dugan Glass program. This was their first convention program, but I am sure that it will not be their last. There were about 135 pieces on display, which included four different "Farmyard" bowls, one of which was the only one known in Peach Opal. If you were not present for this program, then you missed much information. Thanks to all of the members who participated by bringing glass; this is what makes for an interesting & educational talk.

**BANQUET PROGRAM:** Thanks again to Floyd and Cecil Whitley for being the Banquet speakers. As always they did a fabulous job. At first Floyd gave us some very interesting information about some of the Texas members. As everyone knows Cecil has the #1 Carnival Glass tumbler collection. She displayed and talked about what she considered to be the top 10 Carnival Glass tumblers. Floyd displayed three "Peoples" vases, two were his and one was from the collection of Stacy Wills. He reviewed the history of each of the known vases. When you have three "Peoples" vases and the top ten Carnival Glass tumblers all displayed at the same place, it is something that you will probably only have an opportunity to see once in your collecting lifetime. Floyd and Cecil, we appreciate your sharing some of your glass with us.

After the Banquet Tom Burns, and the Billy Richards did the Whimsey auction. Thanks for your help. Frank Fenton sent a Whimsey made from the Red "Holly" plate that was made in honor of his 85th birthday. It was a PCE bowl with excellent iridescence, it sold for \$750.00, thanks Frank. Glen Thistlewood donated two of her drawings, one of the "Good Luck" and the other of the Northwood "Peacock", thank you Glen. The other Whimseys were from the Vaseline Opal Hatpin Holder and the Blue Pansy Plates, which were painted.

**"JOHN & LUCILE BRITT AWARD FOR EXCELLENCE IN CARNIVAL GLASS".** This award is given each year not only to honor the Britts, but, to recognize a collector(s) who has demonstrated their dedication and service to Carnival Glass. The 2001 recipients of this award, Tom and Sharon Mordini, exemplify the true spirit of this distinguished award. They are the ninth recipient of this award. Carl Schroeder, Richard Cinclair, Floyd

Whitley each presented brief information in recognizing Tom & Sharon. They well deserve this award. We were all disappointed that Lucile was not able to be with us for the presentation. Aileen Oppenlander, the Britts daughter made the award presentation.

**AUCTION** – The 375 pieces of carnival glass from the Danny McFall collection was assembled for viewing on Friday evening and, it drew a large crowd. Tom Burns started the auction Saturday morning with an audience of over 300 people. About 150 bidding numbers were given out. The bidding started off rather slow and the Auctioneers seem to labor all day to get that final bid on each piece. The auction continued for about 6 hours, Tom and the two Bills knew that they had done a days work when the auction was over. We want to thank Mr & Mrs Danny McFall for bringing your glass to HOACGA for auctioning.

**ANNUAL MEETING** – It is required that an Annual meeting be held at 2:00 P.M. on the fourth Friday of the month of April. At this time new officers are elected. Officers elected this year were Bob Grissom re-elected as President, and Ann McMorris was reelected as the club Secretary.

**THANK YOU** – Again the officers of HOACGA, want to thank all of those members that helped with the many activities. Without your help the convention would not have been as pleasant for all of those in attendance.

---

## Frolicking Bear Pattern Tumbler Report Continues

*By Bob Grissom*

The April bulletin reported the seven known "Frolicking Bears" tumblers. Six are Carnival Glass and one has silver overlay, although it is the same green color as the carnival glass ones.

The article requested information about any Crystal tumblers. Two members sent information about their "Frolicking Bears" Crystal tumblers.

Gary Tapper, Minnesota, purchased his tumbler from a person in California. It has a slight lavender tint. It is perfect, except it has a ground base.

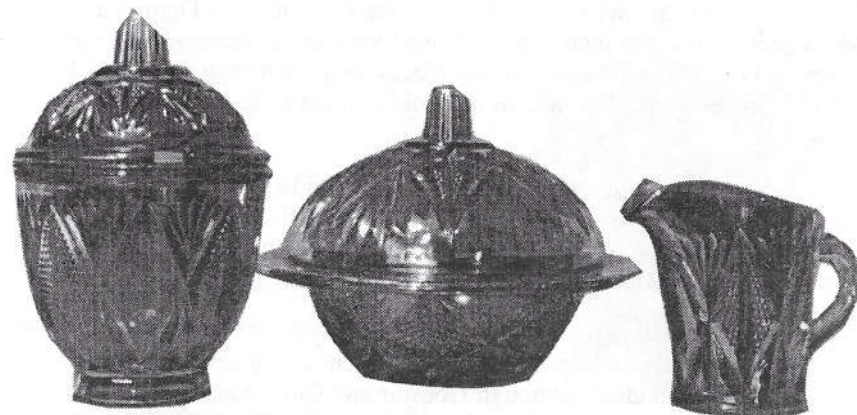

Paul & Dorthy Epple, Indiana, purchased their tumbler at a local auction several years ago. It has some damage on the base.

If you are keeping score, here are two more tumblers with the "Frolicking Bears" pattern.

Thank you for the reply. Does anyone else have or know of any other tumblers with the "Frolicking Bears" pattern?

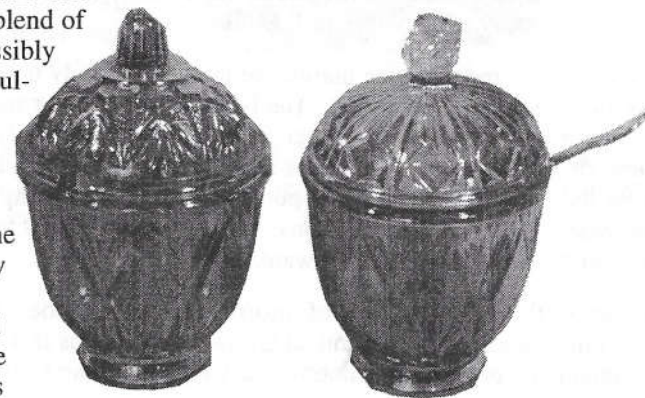

## Split Diamond

*By Alan & Lorraine Pickup • alpickup@msn.com*

We believe this to be an English pattern made by Teams Glass Works of George Davidson of Gateshead, England. We hesitate to call this a table set but it does come closer to being a table set than anything else. The petite creamer, three and one half inches tall, seems to be fairly common. But other pieces are a little more challenging to find. The butter dish is pictured here with what we consider a covered sugar. The butter dish looks small in the picture because it is set back, but it measures six and one half inches in diameter. Some authors state that this set comes with an open sugar. Then again this piece may really be a "mustard or jam jar" and not a sugar at all. The lid has an opening for spoons handle.

We have made use of a Split Diamond sugar bottom with a "Block Diamond" top for many years on our table. We bought it that way and we suspect now that Davidson's company presumably made both patterns, so they might have been brought over from England in that mix. It did take us a few years to realize that we were using a blend of two patterns. Possibly the extreme difficulty of picking up the lids on the Split Diamond sugar and butter dish because of the slick finials, many pieces may have been dropped and destroyed over the years. And that is

likely the reason for their apparent scarcity today. The two sugars pictured together show the difference between the Split Diamond and the Diamond Block in the finial shapes.

The only other shape we have found over the years in Split Diamond is a deep saucer with a five-inch diameter. And we do remember seeing a little larger saucer many years ago. All the pieces we own have a sturdy quality and nice iridescence. The pattern is a bold geometric found in a rich marigold.

There doesn't seem to be any mention of the Davidson glass works in recently published books other than the 1981 "Carnival Glass" book by Angela Hallam who stated then that George Davidson began making glass in 1867 and the company is still making glass. Although we are not sure today under what name the company operates.

Split Diamond is the only pattern we have in our computer inventory as being made by Davidson, although Hobstar and Cut Triangles, another English pattern rose bowl we have has some similarities to the Split Diamond pattern. Another interesting tidbit is in the Angela Hallam book, she reports that a retired Davidson glassmaker can recall turning out Summer Day vases. The Summer Day vase is married today to the Stork in the Rushes Punch bowl and that has always been controversial.

---

## Membership Dues

*By Bob Grissom*

The cost of the monthly bulletin is exceeding the \$25.00 annual membership dues by about \$5.00 per member. This is brought about by increases in postal rates, preparation and printing costs, and the cost for preparing and printing of the quarterly colored insert, which was added in December 1999. After considerable discussion, the Board of Directors meeting on February 22, 2001 voted to increase the annual membership dues to \$35.00 per individual or family, effective June 1, 2001.

We discussed reducing the number of bulletins to only 6 per year and/or discontinuing the color pages. The bulletin is the major source of communicating information to the members. For many it is the only Carnival Glass news they receive for months at a time. Therefore, we do not believe these were the options that should be pursued. We regret having to make this increase but we feel that it is something that is necessary to maintain the information source that we all want.

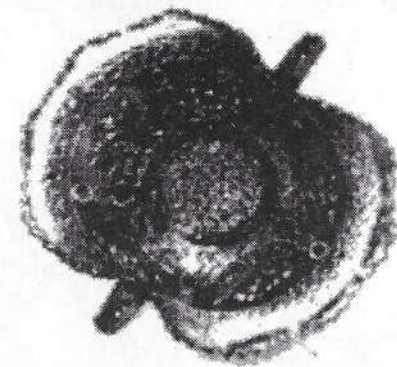

We know this is not the type of information that members want to receive. It is only through viable Carnival Glass organizations that we will be able to maintain and promote this hobby that we all enjoy and have considerable investments in.

## More..... of the Bon-Bon Saga

*By Diane Fry.....2/01*

### Pond Lily

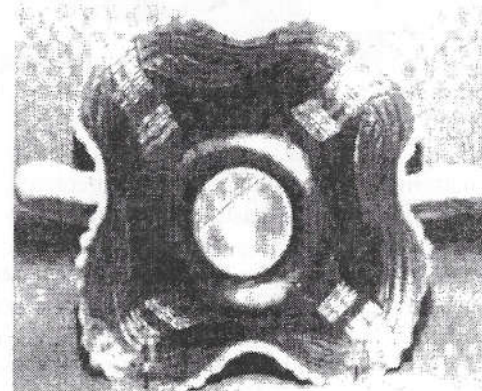

Much like other Fenton patterns such as Two Flowers and Water Lily, the Pond Lily design utilizes both scale filler and a Lotus-like flower, quite similar to the one seen on Dragon & Lotus pieces. The only shape seen is this collar-base bon-bon. Colors are marigold, blue, green, and an occasional white and amethyst.....A nice red example would be a pleasant surprise.

A good example of any color should not force you to "buy beyond your budget"! However, you could add another pattern to your collection.

### Prayer Rug

There are so few of these beautiful custard base glass bon-bons, having collar-base and marigold iridescent overlay, that newer collectors perhaps have not seen one! We wonder whether only a "turn" was produced by Fenton?

They are scarcely found - again in custard - with silver paint covering the edge design and the fringed "rug" which extends toward center from the four corner of this simple, but interesting pattern.

In all honesty, they do not bring "big bucks", for the simple reason that the iridized examples seldom have much overlay. "Perhaps" one or two appear at auctions each year.....One of those "rare: so whats?"

## Czechoslovakian Vases

By Will and Judy Schutz

The publication of a new book by Glen and Stephen Thistlewood, entitled "A Century of Carnival Glass", has provided significant new information on a variety of topics, including new information on foreign-made carnival glass. We are particularly impressed by the beauty of vases produced by the Josef Inwald company in Czechoslovakia.

Both of the vases shown in the picture above were produced by Inwald and are 8 inches tall. The vase on the left is the Diamond Cut intaglio pattern and the vase on the right is the Princeton pattern (named by John Britt). The Thistlewoods point out in their book that advertisements from 1930 and 1928, call these patterns Edward and Coronet, respectively. A similar Diamond Cut pattern was also made in Australia, but apparently not in the vase shape.

The vases shown here have marigold iridescence, but are quite different in appearance. The Diamond Cut vase has a golden hue that the Thistlewoods call peacock marigold, and it shimmers with turquoise and pink highlights. It resembles pastel marigold produced by U.S. carnival glass companies, but its tones are brighter. The Princeton vase has a rich pumpkin marigold iridescence. Both vases have ground bases, and radium-like finishes. The Diamond Cut vase can also be found in a 12 inch size and 10 inch Princeton vases are known. A beautiful picture of a 12 inch Diamond Cut vase can be found on page 86 of the Thistlewood book. The 12 inch Diamond Cut vase has three diamonds in the vertical pattern compared to two in the 8 inch version.

Both patterns seem to be quite scarce and only one Diamond Cut vase (12 inch) has sold at auction prior to this year. We obtained both of our vases at Reichel Auctions; Princeton in 1999 and Diamond Cut in March, 2001. We feel fortunate to have found examples of these beautiful vases at reasonable prices.

## Wisteria Vase

By Orval Plotts

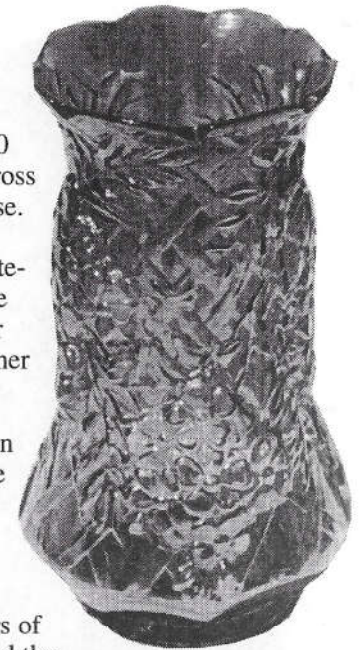

I thought you might be interested in what the late "John Britt" wrote about our vase in the December, 1992 HOACGA Bulletin.

"This beautiful Northwood Wisteria vase is 10 1/4 inches in height. It measures 5 inches across the top and 4 1/2 inches in diameter at the base. The color is green with outstanding blue and purple iridescence on both the interior and exterior. There is a blank space on the vase where the handle was to have been applied. In other words the vase was made from the water pitcher mold with the handle never applied."

We don't believe we have enough adjectives in our vocabulary to describe this beautiful piece of carnival glass, but we will start out by saying that it is very unusual. The main reason for it being so unusual is because the color is green. Wisteria pieces have never turned up before in any color other than the pastel colors of white, ice blue, and ice green. We have owned the wisteria tumblers in all three pastel colors and the tankard in white and have also seen a few of the pitchers in ice blue, but to see a piece of the wisteria pattern in green is almost unbelievable. It is also very unusual to see a vase in any pattern that was made from the water pitcher mold.

Secondly, the piece is extremely rare. Certainly it is one of the rarest pieces known in Carnival Glass. It is quite likely a one of a kind piece. Only time will tell if another vase like this exists. No other Wisteria vases have ever been reported in any color. We might mention that we have seen a blue paneled dandelion vase that was made in this same manner. We have also seen one in the floral and grape pattern. These are also very rare. The featured green wisteria vase is also very beautiful. All who have ever seen this piece report it to be of super color and iridescence. We also must mention its desirability. We are sure that every carnival glass collector around would like to own and enjoy this lovely piece. Carl Burns has some very interesting theories in his Northwood Carnival book about the origin of this vase.

Editor: Mr. Plotts told me they had purchased the vase at an auction he and his wife had attended. They were aware of the rarity of the piece and the beauty was outstanding. He had to pay a high price for it as there was also another carnival glass collector at the auction that also wanted it. I have seen the vase and it is truly one of the most beautiful pieces in carnival glass.

# CORRESPONDENCE

Dear Ann,

I see my dues may be up so wouldn't want to miss any of the good newsletters. I sure wish I could be with you for the convention which is so close now. Used to enjoy them years ago but my transportation is limited now so have to just read about it and I do follow up on the daily events and know everyone there is having a great time. Best wishes to you and the dedicated group who work to make the newsletter so interesting. Thanks so much.

Sincerely,  
Grace Rinehart  
Charleston, WV

Ann,

Sorry we have to miss the convention this year – I know it will be great! Another year... Thanks for the newsletter & 6th insert.

Diann & Sylvester Walleck  
Edna, TX

A note to Bob "Mr Carnival Glass" Grissom. If he ever cut himself shaving I believe he would bleed multi-color. What a man – he duz it all. I hope he is around for a long time in Carnival Glass.

Hank Schroeder  
Bloomington, MN

I am enclosing a check for dues for this year. I'm sorry I can't get to some meetings and the convention. I am alone now. Art and I did attend one convention and enjoyed it thoroughly. I do belong to the South Dakota Carnival Glass Club.

Pauline Meister  
Rapid City, SD

# Annual Treasurer's Report

By Cliff Ball

During the fiscal year which ended on February 28, 2001, the club's expenses went up and its income went down. This situation resulted in our cash assets dropping during the year from \$38,483 to \$21,858.

Some of this year's expenditures which had not been incurred during the previous year included \$2,980 for full color newsletter inserts, \$2,185 for an updated membership roster for all members, \$1,049 for legal fees and \$160 for a fax machine.

Income went down when membership renewals were off, when our sales to members fell and when we no longer were receiving restitution payments from our former Treasurer.

At the present time income from membership dues does not cover the costs of our monthly newsletter. These costs are expected to go even higher with the next postal increase. To cover the costs of the newsletters your Board of Directors voted to increase HOACGA's annual dues.

Exhibits follow to provide you with details of both expenditures and income. If you have questions relating to these finances, I will attempt to answer them for you.

## HOACGA Finances Two Year Comparison

## Nippon Bowl

By Edward Sypulski

Since you did the Research Project on Nippon bowls, I decided to send you a picture of the Nippon Aqua Opal pie crust edged bowl that I bought 30 years ago. Jim Wroda of J&J Auctions has informed me that a second bowl was found a year or so ago. I purchased my bowl in a small rural town in Northeastern Kentucky. Maysville. My wife and I lived in Maysville for several years. We were just starting to collect carnival when we were living in Maysville. After living several years in Maysville, we moved to Cincinnati as I had changed jobs. Upon a return trip to Maysville I went to visit one of the local antique dealers. She said "I know what you're looking for. I have one piece of carnival, an Ice Blue Nippon bowl and it's up on the third floor. I had an Ice Blue Nippon bowl but thought I would take a look at the one that she had for sale. After climbing the steps up to the third floor I could tell from a distance that the bowl was opalescent. You could imagine how I felt when I lifted the bowl and discovered it was an Aqua Opal Nippon bowl. I clutched the bowl to my chest as I carried it down the three flights of stairs. I asked her how much she would take for the bowl and she said that she would let me have it for \$75. She wrapped the bowl and I left the store with a big smile on my face. Bob Grissom saw the bowl when he was visiting Dayton some years back. When HOACGA had the large aqua opal display at one of the conventions several years ago he asked if I would send the bowl so it could be displayed. After a discussion with my wife we decided not to send the bowl as we were afraid it might get broken. As you can see from the picture the bowl is beautiful. The opal goes all the way to the base. I understand that the second bowl only has the opal on the very edge. I did take the bowl to one of the conventions and had Tom Burns and Tom Mordini look at it. You could imagine what they said. So that's the story behind the aqua Nippon bowl. The other piece of rare aqua opal that I have is a grape and cable stippled bon-bon that I bought about twenty years ago. But that's another story.

Some people may say \$75, that is a steal. But they don't remember that 30 years ago \$75 was like paying a couple of thousand for a piece. I was just out of graduate school and bought a house. Seventy-five dollars was a big part of our budget. We used to save for several months to buy a piece of carnival.

## Hello From Iowa

By Vicki Gearhart

Well another great HOACGA convention has come and gone. What a wonderful time we had this year again. I couldn't help but think of all the efforts that go on behind the scenes. Everything ran so smoothly for all of us we could enjoy each day to it's fullest.

The programs, luncheon, banquet, and auction were all well attended. The room displays are always fun to see and there was lots of glass for sale throughout the hotel. The silent auction had some very interesting items for sale. It amazes me that Will and Judy Schutz continue to out-do their previous room displays year after year. Many displays were really pretty.

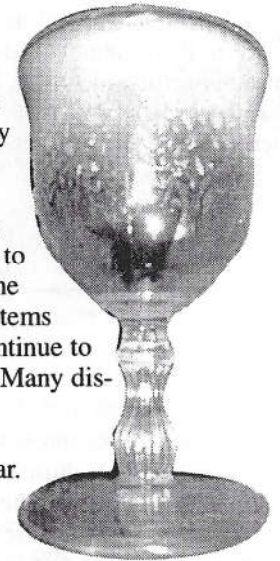

We enjoy visiting with old and new friends each year. You can always find new people to meet and get to know a little about them and where they are from.

The auction glass was once again a very nice collection. Prices seemed soft on some items but overall the auction was successful. Not everyday do you find an Aqua Opal Dandelion Mug for only \$300. Nothing wrong with it at all, that is just where the bidding stopped. So there were some great buys along with some excellent glass.

The luncheon honoring Tom and Sharon Mordini for the Britt Award was well attended. Of coarse the luncheon always has a board of members to say a few words about Tom and Sharon. These stories told are always filled with some funny jokes. I had to wonder what the cameraman that taped the luncheon must think of this group. As I looked over to see him laughing just as hard as the rest of us as the jokes were told. He doesn't even know carnival glass or these people and he was having a ball laughing like the rest of us.

It was sad that George Loescher was not up there on the board giving his views. He was always one to tell some very funny stories, he was very ill in the hospital at the time of the convention and was missed by all of us. We also heard that Joe Williams was also ill and in the hospital. It is sad to have carnival friends that are not feeling well.

The banquet was really good with wonderful talks by Cecil and Floyd Whitley. They did a wonderful talk with very rare glass and large photos to show details of each item as they talked about it. Cecil said she likes the tumblers and Floyd likes the large tumblers also known as Peoples vases.

Cecil had some great jokes to go along with her tumbler talk. That will be a great video if you were not able to attend the banquet.

At the banquet each of us got a Topaz Opal wine glass with the Orange Tree pattern. It was announced that this is the last year to use this mold as the mold is getting too worn. So next years banquet favor will be something new. I wonder what will be decided upon and in what color. I personally love the items with Opalescent added to the glass, it gives each item it's own character and all look a little different from one another.

Again, we had a wonderful convention. We would encourage those who did not attend this year to make an all-out effort to attend next year.

---

## Thank You

*By Bob Grissom*

I want to say how much I appreciated the consideration and help given to my wife Imogene during the convention. As most of you know she has Alzheimer's Disease. She does not remember names, but she does usually remember that she has seen you. She becomes confused and does need attention and help. Several individuals talked to her and also helped her get to the room when I was busy with some of the activities. Thanks for the help, it is very much appreciated.

---

## Thank You to the Board of Directors

*By Tom and Sharon Mordini*

Dear Bob Grissom and members of the board of HOACGA,

We would like to say "thank you" to the board of directors of the Heart of America Carnival Glass Association for naming us, Tom and Sharon Mordini, as recipients of the John and Lucile Britt Award for Excellence in Carnival Glass at the 2001 convention in Kansas City.

We would like to thank all those who attended the award luncheon and also a special thank you to Richard Cinclair, Carl Schroeder, Floyd Whitley and Cliff Ball for their part in this presentation.

Also, we would like to thank John and Lucile's daughter, Aileen Oppenlander for attending the luncheon to present us with the beautiful hand lettered cranberry vase from the Fenton Art Glass Company, it is very much appreciated.

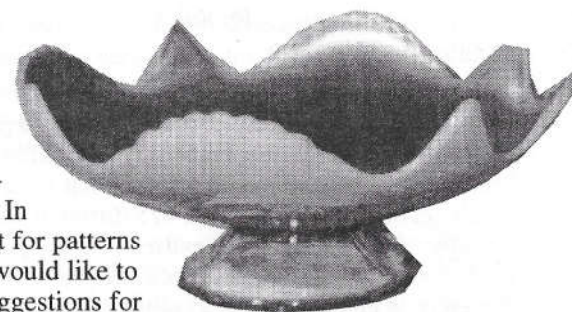

Sincerely,  
Tom and Sharon Mordini

## Western Daisy

*By Patricia Atwater*

First of all, let me say how much I enjoy your articles on researching scarce patterns and shapes in carnival glass

. I find them very interesting and informative. In response to your request for patterns to consider in future, I would like to submit the following suggestions for possible inclusion in your survey.

I have a beautiful Peach Opalescent carnival glass dish in the Western Daisy pattern. I do not believe there are many pieces around in this pattern and it would be most interesting to find out.

I have been corresponding with a lady in California who also owns a Western Daisy bowl and she and I agree that there is one other one which is pictured in Carl Burns Dugan and Diamond Carnival Glass book. So that makes three known.

When I purchased my P.O. Western Daisy dome footed bowl at a Tom Burns auction several years ago, he said he believed there were only 4 or 5 in existence then.

The pattern is on the exterior only, the inside being plain but iridized. It is described in Marion Harting's Book 4 Page 64, and in Carl Burns Dugan Diamond book on page 150, and Carl attributes Dugan as the maker.

David Doty does not show the Western Daisy pattern in his book "A Field Guide to Carnival Glass". Bill Edwards does not picture it in his "Standard Encyclopedia of Carnival Glass" although he lists the pattern in his price guide and attributes it to Westmoreland. Looking back, 5 years of Mordini Auction results there has not been a Western Daisy bowl sold.

I would also like to find out how many Dugan Nautilus vases are out there. They come in marigold and purple. I have a purple 8 inch vase in my collection. There has been one Nautilus 6 inch purple vase sold in 1999 looking back 5 years in Mordini books.

I believe this too would be an interesting pattern to consider for your survey. Sorry I don't have a picture of my vase for you.

Editor: We will have our research project in the bulletin next month.

# 2001 HOACGA Notebook Insert

## Vases — 6th Section

By Bob Grissom

The HOACGA Notebook Section for 2001 will again identify vases. This is the 6th and final section on Vases. Another 85 to 90 patterns are reported. This section contains additional Non-U.S. vase patterns, and identifies many of the Brocaded pieces, along with patterns that were not previously reported. With this section, a total of about 425 different vases have been reported. Possibly many of these vases are reported in other publications, but no other single publication contains as much information as these six sections. Each different pattern is identified with a colored picture. Even after reporting on 425 different vases, there are still patterns that are not shown.

This information is only possible with the help of many members that have supplied photographs and other information. This is a good example of what collectors are doing to help promote their hobby of Carnival Glass collecting.

If you do not have the previous five Notebook sections on Vases, then you are missing a lot of valuable Carnival Glass information.

The 6th section, or any of the previous five sections may be ordered by using the Order Form below.

### Order Form

Name \_\_\_\_\_

Address \_\_\_\_\_

# On the Auction Trail with Chuck

By Chuck Kremer

**April 7, 2001:** I had not been to a Jim Wroda auction in sometime so it was a pleasure to get to Columbus, Ohio, to see the Charles King collection sold. The King collection was assembled in the late 1960s and early 1970s and was just what I expected a collection from that era to be like. In the early days we accepted some damage and collected a variety - and this sale represented that style.

There were some highly desirable pieces offered. The green Town Pump (\$4500) and the purple true square-shaped Farmyard bowl at \$5750 were two seldom sold pieces and the bidding was spirited. There were some pieces with good iridescence and some just a cut below, and the prices reflected the buyers' acceptance of the pieces. Some pieces with minor damage were too heavily discounted in my opinion - an example was the great purple Persian Garden chop plate that had a minor chip on one point. I thought it was cheap at \$1500 as it was really nice. There was big crowd and I thought the prices were a bit above average overall.

A couple of people had asked Jim if they could bid by phone and he was accommodating. He tried it, and a couple of pieces did go to the phone bidders. Will he do it again? I don't know, but this seems to be the way to go.

It was beautiful Spring weather and we knew the Wroda sale would be a class act, so Phil Gilliland and I drove over to see friends and a good sale. We were not disappointed. Jim set the tone with the Danish rolls and coffee Saturday morning. Coffee and ice tea were available all during the sale. When Jim opened the sale he told us there were cans of cold soda in the coolers and at noon there would be make-your-own sandwiches and pizza for us. I thought this was a bit more than we should expect, but that is just Jim Wroda style. It wasn't all "style" as Jim conducted a good, fast and enjoyable auction that must have pleased both the seller and the buyer.

## ICGA Convention Announcement

July 17-21, 2001

Embassy Suites - Indianapolis, IN (North)

All lovers of old Carnival Glass are invited to attend the annual convention of the International Carnival Glass Association. This year the convention will be held at the Embassy Suites North, 3912 Vincennes Road, Indianapolis, IN 46268-3024. The telephone number is (317) 872-7700. The room rate is \$99.00 per night.

### Some of the convention highlights are:

- Tuesday night free pizza party
- Wednesday Ultimate Piece Display Room opens
- Wednesday seminar by Pete and Paula Bingham & free Ice cream party
- Thursday Awards Luncheon & "Who Wants to be a Carnival Glass Millionaire?"
- Friday Seminar & Banquet with Mary Eastwood as speaker
- Saturday auction with glass from the Doc Alan Jones and Thelma Harmon Collections

Selected for this year's souvenir is a Vaseline Opal Frolicking Bears cuspidor. Contact Dick Hostetler for ordering (405) 324-0758.

For more convention information please contact Richard Cinclair (972) 596-0014 or Lee Markley (219) 353-7678

## May Monthly Meeting 2001

By Ed Kramer

The next monthly meeting of HOACGA will be Sunday, May 27, 2001 at 2 pm at the Prairie Village Community Center at 7700 Mission Road, Prairie Village, Kansas. We will discuss patterns with flowers and also baskets.

## Club News & General Information

The newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next month's bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Opinions and information expressed in the bulletin are not necessarily those of the editor or officers. HOACGA accepts no responsibility for accuracy or claims made, or for any outcomes resulting from the use of the information either printed or implied.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to HOACGA and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

## HOACGA Club Information

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- Members provide Room Displays with glass from their collection.
- Members are encouraged to bring glass for Sale.
- Educational Seminars are provided by members.
- A Major Carnival Glass Auction is provided.
- The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- A banquet is held with a Carnival Collector as our Speaker.
- A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

- **Membership Dues** – \$35.00 per year U.S. & Canada. \$50.00 per year for foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the publication of the monthly bulletin, typing, printing and mailing.
- **Educational Series – Book I** – 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.
- **Educational Series – Book II** – 180 articles with pictures (black and white) of Carnival Glass Tumblers.
- **Educational Series – Book III** – 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose

Bowls, and Table Sets. Also included is a listing of 500 rarities.

- **Hartung Carnival Glass Pattern Books** – A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.
- **Pattern Notebook** – A notebook containing sections on Mugs, Table Sets, Rosebowl, Water Sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a COLOR picture along with information about the Maker and colors of each different pattern.
- **Souvenirs** – Periodically HOACGA makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are listed in the center section of the bulletin. Each year that Souvenirs are made, Whimseys are also made and sold at the convention banquet.
- **Video Tapes** – Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

## HOACGA Bulletin Advertisement Policy

1. All advertisements of glass for SALE or WANTS must be received by the Bulletin Secretary no later than the 28TH DAY OF THE MONTH to ensure being published in the next bulletin.
2. Members may advertise ten (10) "For Sale" and/or "Wants" per month. The "For Sale" Glass must be members glass and not the property of a non-member. Advertising is at no cost.
3. Only "OLD CARNIVAL GLASS" items or H.O.A.C.G.A Souvenirs will be published.
4. Damage or flaws should be noted.
5. All "For Sale" items must be priced; NO BID ITEMS WILL BE PUBLISHED.
6. A 5 day return privilege, at buyer's expense, providing it is not as advertised, or as discussed.
7. Postage and Insurance is to be the responsibility of the buyer, both when returning and receiving the glass.
8. The sender of the glass (be it the seller or the buyer returning it) is responsible for the proper packaging of the glass.
9. When submitting FOR SALE and WANTED ads, please write legibly so that your ad can be read; spell out words as opposed to using abbreviations. Your ad will be formatted to fit as best as possible. Items will be limited to one line, unless you are advertising less than ten items. **\*\*IMPORTANT\*\*** - be sure to include your name, address & phone number on the ad itself.
10. H.O.A.C.G.A. does not accept responsibility for accuracy of any advertisement.

### Use the Following Abbreviations for Glass Description If the color you have is not listed here, please spell out color

A	Amethyst	EG	Emerald Green	P	Purple
AMB	Amber	G	Green	PRL	Pearl
AO	Aqua Opal	H	Horchound	PM	Pastel Marigold
AQ	Aqua	HA	Honey Amber	PO	Peach Opal
B	Blue	IB	Ice Blue	R	Red
BLK	Black	IG	Ice Green	RA	Amberina
BO	Blue Opal	IGO	Ice Green Opal	RB	Renninger Blue

## A 2001 Odyssey

By Gale Eichhorst

My fifteen day odyssey began at 6am on Thursday, January 25, 2001. Left Mankato, Mn. and headed south to Kansas City arriving at the home of Ed Kramer at 1pm. There I met my traveling companion, Don Lacock of Delia, Ks. We loaded Don's traveling items into my van and were off again by 1:30pm. We went through St. Louis during evening rush hour and WHAT A MESS!! But we made it to our first stop Mt. Vernon, Il. Day one was 755 miles for me, (less for Don)!

Day two, Don and I were up early (both of us being EARLY BIRDS) and 700 miles later we arrived in Asheboro, NC. Checked into our hotel and then spent the evening visiting and viewing the FANTASTIC collection of Don & Becky Hamlet. One whole room totally devoted to STUNNING pieces of carnival glass. When they flipped on the lights to the room it just BLEW US AWAY!!!! Thanks Becky & Don.

Day three was a short drive for Don & me, with only 115 miles to drive to Henderson, NC to the home of John & Jeanette Rogers. Arriving around lunch time, Jeanette had prepared a nice lunch for us. Visiting and viewing another FANTASTIC collection. John & Jeanette have it throughout their home and we went from room to room viewing SUPER pieces of glass and again getting to see many RARE & STUNNING pieces of glass. They gave us many ideas for displaying glass, especially punch sets stacked one on top of another on a made-to-order display rack. Thanks Jeanette & John for sharing a wonderful afternoon with you. Left late afternoon and headed to Fayetteville, NC for the night.

Day four, Sunday, January 28, 2001, Don and I were off again early and on our way to Mt Pleasant, SC (suburb of Charleston) to spend the day with Joan Doty. This was one of the days I had most looked forward to as Joan and I are both VASE LOVERS! Joan is so much sought after for advice at conventions that we seldom get to talk more than a couple of minutes and here we had the WHOLE day. Joan had prepared a light lunch for us and we spent the complete afternoon looking at her WONDERFUL collection of vases. Many I had not seen before and I brought a few of mine to show her. We visited all afternoon and then went out for dinner and then back for a few more hours of visiting and then Don & I headed for our hotel. Thanks Joan for a WONDERFUL time spent with you, and I am looking forward to visiting you in your new home where all your SUPER vases will be on display.

Day five, off again early and once we hit the Florida border, we had to stop so I could change into shorts (which I wore for the next eight days!!!). Then on to Lake City to visit Wayne & Maria Anderson (whom I had met a couple of years back on the internet). They have a very nice home and Maria has a smaller collection as Wayne is more of a dealer, with lots of great glass for sale especially on his web site. Wayne & Maria graciously took us out for

lunch at a Chinese buffet. I love Chinese! Don and I had a very nice visit with the Andersons and Don even made a purchase of beautiful CG from Wayne. Thanks Wayne & Maria for your hospitality. We left late afternoon and on to Wildwood, Fl, where we arrived on fumes (gas tank on E) and spent the night.

Day six and off to do some antiques and then on to Royal Palm Beach to visit my GOOD friend, Elliott Treby. Elliott has a VERY NICE collection of many patterns that I do not collect and therefore it is fun to see what he has added each year. Again a lot of visiting and Elliott took us out to dinner at a sports bar and restaurant. Excellent food. Back to his home for more visiting while walking his two Greyhounds. Elliott and I became friends about 4 years ago and I make it a point to visit his home each year I attend the SSCGA convention. Thanks Elliott for a fun visit.

Day seven, on to Pembroke Pines (Northern suburb of Miami) to visit with Rudy Kovacs & Fred Warren. Another STUNNING collection of SUPERB glass. Wonderful Millersburg items. Rudy & Fred had prepared a DELICIOUS lunch for us. We visited and talked glass and left around 2pm to check into our convention hotel. Thanks once again Fred & Rudy for your always generous hospitality.

Days seven, eight, nine, & ten we attended the SSCGA's third convention in Ft Lauderdale. Had a great time visiting with friends, looking at glass, and attending the festivities of the convention. On day eight, Feb 1st, Patty & Les Harris joined Don & I and we drove to south Miami for an open house at the home of John Valentine and Joe Alves. UNBELIEVABLY LARGE collection of contemporary glass. WOW is all I can say. One highlight for me of the convention was getting to visit with my friends Steven & Glen Thistlewood from England. Always good to see ALL the familiar and SUPER Florida people who put on and attend the convention. Thanks to all.

Day eleven, Sunday, Feb 4th, Don & I left early and headed back up to Royal Palm Beach where we met my friend Elliott and the three of us headed to a large antique and flea market. Had fun, but spent no money. Left Elliott around 4pm and headed farther north up the coast to the home of John & Loretta Nielsen in Palm City. LOVELY home! Another SUPERB collection of FANTASTIC glass. They had prepared a delicious dinner for us and around ten other people who stopped by. Don & I had been invited to spend the night at the Nielsens. We were all kinda beat, but did stay up awhile and talked and looked at their WONDERFUL glass. They prepared breakfast for us on Monday morning. Thanks Loretta & John for your WONDERFUL HOSPITALITY.

Day 12 and after breakfast at the Nielsens we were off still farther north to an open house at the home of Paul & Dee Bekemeier in Vero Beach. Dee has a SUPER collection of RED RED RED. One WHOLE WALL of RED!! WOW!! Also enjoyed seeing their collection of AO pieces and Paul's antique toy collection. They had prepared a lunch for all and after lunch Don and I headed West across the state. Thanks Dee & Paul for having the open house

for all to see your SUPER collection.

Continuing on towards the West we finally arrived (two lane roads most of the way across the state) at the LOVELY home of Randy and Jackie Poucher in Seminole (a suburb of St Petersburg, Fl.) Another TRULY STUNNING DISPLAY of FABULOUS & RARE pieces of CG. Built in display cabinets, shelves, hutches, FILLED with CG. Water sets!! Vases!!! Tumblers!!! and more!!!! EVERYWHERE!! A large and lovely collection of CG. WOW!!! Is all I can say. Jackie had prepared a nice dinner for us. We visited and looked at glass all evening. We had been invited to spend the night so no running off to a hotel. Thanks Jackie & Randy for your WONDERFUL HOSPITALITY.

Day 13, Jackie & Randy were up early to see us on our way by 6am. 661 miles later and heading north we spent the night in Manchester, Tn.

Day 14, another 630 miles and back to Ed Kramer's in Prairie Village, Ks. Arrived at Ed's around 3pm and Don loaded up his vehicle and headed back to Delia, Ks. I spent the night at Ed's. I always enjoy spending time at Ed's looking at his collection and visiting. He is always a gracious host and had me out the door with goodies to eat on the way back to Mn. early on day 15, Thursday, Feb. 8th.

Don & I had a great trip. Saw lots of beautiful and rare glass. Visited with our many wonderful CG friends. Thanks Don for being such a wonderful traveling companion. What a WONDERFUL hobby to have given us all the chance to meet from all corners of the world. Without our hobby chances are NONE of us would of ever had our paths cross. THANK YOU CARNIVAL GLASS !!

Thus ended my "2001 Odyssey" for a total of 4990 miles!!

## Silent Auction, Convention 2001

By Ed Kramer

After reading my several monthly requests for materials for the Silent Auction, 2001, I thought you might be interested in the results.

Some items were from the club inventory of souvenirs and educational materials such as a set of Hartung Books, a Pattern Notebook, tapes, a souvenir white loving cup, and a souvenir red good luck plate. Other items were donated by the following members: Cliff and Jo Ann Ball, Bob and Imogene Grissom, Daryl and Norma Strohm, Ed Kramer, Don Lacock, Gale Eichhorst, Bobby and Joyce Seale, Norman and Cherry Angell, Cecil and Ruth Herrington, Susan Holm, Alan and Lorraine Pickup. Norm and Cherry Angell from Vermont brought two 1 quart cans of Vermont Maple Syrup which saw some lively bidding.

The total raised by the Silent Auction was \$954. This money goes to the HOACGA treasury. Thank you to all who donated items and to all who bid generously on them.
